King City Secondary School's Quest For The King's Gold

Ahoy mates! Welcome to this manifest containing King City Secondary School's quest for the king's gold 2006/2007. When we casted off into the immense seas of high school life, we were not sure what we would encounter. We captains often found ourselves fighting to weather great squalls, other times, enjoying nothing but smooth sailing and the booty we had secured. When times got rough, each captain had to batten down the hatches, and trust in their crew to navigate the unforgiving waters. As we cast off of our small port to seek greater plunder and wealth, we can call on the experiences that we gained during past expeditions while at the helm, and consider them in creating the strategy for our greatest adventure of all, the rest of our lives. Here be us, as we prepare to lift anchor and explore new waters, showing our green and gold colors proudly.

★ King Karnival ★

This was the students one chance to get even with the teachers, and sadly for Mr. Mallory, he was the one who took it all.

On June 9th, 2006, King City held their annual King Karnival. Students had compressed classes in the morning, and then had the rest of the day to relax and have fun with their friends and teachers. Many eventful activities took place, such as; sumo wrestling, roc'em sock'em, gladiator battles, and who could forget dunk-the-teachers!

ROC King Camp

This year King's Rookie Orientation Camp (ROC King) was held in the Northern Ontario Wilderness near Bancroft. Camp Waldon staff and King City's own junior and senior mentors helped these freshman meet their new peers and build lasting friendships in a comfortable and encouraging environment. Grade nines participated in a two night, three day adventure with a variety of activities ranging from kayaking and swimming, to rock climbing and archery. Everyone remembers their first few days of high school, and these new grade nines surely will be no exception.

On November 10th 2006, King City staff and students joined together to recollect on the many hardships experienced in war times. This year's remembrance day ceremony consisted of a variety of dramatic performances, speeches, and poems presented by students. Also attending this year's ceremony were a number of honoured guests, including the mayor, a war veteran, and a female lieutenant. Many of the school departments also contributed to the overall presentation which helped make the assembly memorable.

On October 5th, the KCSS graduates of 2006 returned to the school for their official commencement ceremony. Each of these students had the opportunity to look back on the memorable times they had in high school, and begin taking their first steps forward towards a new chapter in their life. What made the night extra special was the care-free and comical atmosphere that was shared between students, their parents and of course, the King City staff. Congratulations graduates, we wish you the best of luck in the future!

FASHIONISTA'S AND FASHIONISTO'S

King City Secondary School is a school where looking good as a student- both junior and senior, is as important as the marks you receive in class. Status is based on your personality, behaviour, friends, and just as significantly, your *clothing*. As bad as it may seem, or how wrong it is to say, image is important at King.

The trends at King may not be noticeable at times, but when you really analyze the people around you, you can see fashion overpowering the lives of today's teenage population. As for the students at King, they should continue to express their personality through their clothing, showing the rest of the world what they've got.

Semi Formal is always a memorable night for students. It's the one night that students try their hardest to look their best. This year the kids of K.C.S.S did just that, as they

arrived all dolled up and decked out.

On November 30th, King City

Secondary students, dressed to impress and invaded the Terrace Banquet Center, for a night filled with dinner and dancing. Before the meal was over, students were quickly out of their chairs and on the dance floor. Even with a few minor technical difficulties with the sound, the students were able to shake it off and have a good time. A special thanks to *Laura Panopoulos, Laura Smith, Arya Zandvakili* and the rest of the student council for planning the fantastic event; and of course we can't forget to thank those teachers who came out and kept us all on our best behaviour. A definite success and props to all that came out!

Dear Diary

The teachers at K.C.S.S. work very hard to maintain the high level of academic standards that King City is known for. They ensure students have all the skills needed for post secondary education or the work force.

K.C.S.S Reunion

On May 4th and 5th, 2006, the K.C.S.S Alumni Association held a reunion to celebrate the 45th anniversary of our school. Family, friends, former students and staff, came together to celebrate the unique bond that they all share. No matter what year they graduated, from 1961 to 2006, everyone spent time reminiscing about what King City S.S gave them. The age old pictures that were hung from the walls brought out memories in everyone. Among the various activities held that weekend, the alumni was able to participate in basketball and hockey tournaments. K.C.S.S merchandise was sold and the Jazz "Big Band" performed in the background. There was also a pub night put on for those who wanted to keep the good times rolling.

This group of Alumni were few of many who participated in the K.C.S.S. basketball tournament.

The Next Chapter

The transition from elementary to high school is something these newcomers have been looking forward to for years. Now that they're finally here, they are having an amazing time with their new found friends and teachers.

They have embraced change this year, by coping with new schedules, going out for lunch, waking up early, and by being the youngest at their school for the first time in years. They can no longer rule the school because they are at the bottom of the food chain. Realizing their place they seem a little shy and quiet, but throughout the years they will become aware of who they are and accept that being different is something to embrace, not to hide. This is only the beginning, and getting started is the hardest part.

SHARK BAIT!

The grade nines have just begun their adventure at King. They are ready to learn new things and are preparing for the road that lies ahead. These students are fresh faced and eager for the future. Being in grade nine is not all fun and games, but rather it is a lot of hard work and dedication. Before they can become the captains of the school, they must first be tossed into the sea and pay their dues as shark bait!

The Sailors

The grade tens have now settled into life at King. Not only are they ready to pick up where they left off, but they're kicking things into high gear. This is the year when they start to set their goals and focus on their future. They are meeting new people and getting more involved in student life. The road may be long, but they're willing to work hard and sail through the remaining years of high school. Their journey continues!

The senior boy's basketball team didn't come close to making the NBA this year. But, they sure

worked hard enough with the dedication of their team and coach, Mr. Johnston. Maybe another few years of practice, they will be representing KCSS on the NBA court.

Student Athletic Council

This year the Student Athletic Council has worked extra hard to make sure that the school is a fun and exciting environment for everyone. They are a dedicated group of sports fanatics with big goals and tons of school spirit. They plan many of the school's events, such as barbeques, pep-rallies, and the big sports banquet at the end of the year. Their contributions solidify KCSS as the #1 sports school in York Region. Without their efforts, KCSS just wouldn't be the same!

KCSSS Ski & Snowboard Team

Above: The Girls Snowboard team takes home the gold after a hard but successful race at the York Region Invitational.

This year's Ski and Snowboard team had quite the stellar season that's sure to make a mark in KCSSS sports history. This year's rowdie, fearless competitors took home numerous titles and trophies, gaining the attention and recognition they deserved.

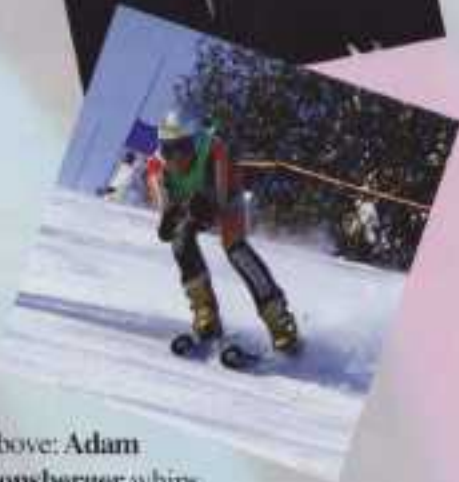

The Girls Snowboard team competed at the York Region Invitational and YRAA Championships where they placed first in both events. Their success in these events allowed them to advance to O.F.S.A.A. where they strutted their stuff in fine fashion. This year's Boys Ski team gave it all they had, allowing each member to place in the top 20 at all of their races. After getting off to a bit of a rocky start, the Boys Snowboard team dominated the rankings at their various events. However, they were just 2 points away from taking home the title and qualifying to participate at O.F.S.A.A. The Girls Ski team consisting of only one member, Laura Jansons, totally kicked butt and annihilated her opponents taking home 3 golds, and an O.F.S.A.A. and YRAA Championship title.

The Ski and Snowboard team would like to thank their coaches Ms. Vloet & Mr. Masterson for all their hard work and dedication this season. This year's team members consisted of: Derek Attard, Britt Bell, Mike Bennett, Nick & Symon Chung, Jessica Cognolato, Meagan Curran, Mike D'Anna, Devon Dymont, Kyle Foley, Kyle Goggins, Stacey Goldman, Jake Gram, Adam Honsberger, Laura Jansons, Matt Litow, Craig Macritchie, Lauren Macdonich, Sean McLean, Blair & Drew Middleton, Jeff Mulvihill, Zack Mutter, Bryan & Lauren Park, Joey & Robbie Power, Rachel Puccia, Mallory Reinthaler, Jeremy Robertson, Jordan Smail, Nick Swift, Kevin Taggart, Jordan Ular, Mark Van Ginkel, and Ryan Wardle.

Outdoor Ed.

Class of 2006

This unique class involved many field trips, adventures, new experiences, and most of all, great memories. During 4th period of second semester, the students of Outdoor Ed became one, forming a new bond with one another. With both physical and emotional challenges, it is no wonder why this class became one of the most memorable times in high school.

Ultimate Frisbee

Ultimate is a highly competitive, non contact, team sport where the object of the game is to score points by passing the disc into the opposing end zone. This high intensity game takes place during the month of May and training begins late April each year.

Due to the late start, Ultimate was both physically and emotionally demanding on the team. Special thanks go out to Mrs. Chvalevich, Mrs. Duvall, and Mr. Aurich for making the team possible, and for their positive attitudes throughout the season.

Marc Fortin: Athlete Extraordinaire

By: Matt Marchese

HE CAN RUN. HE CAN HIT. HE CAN SHOOT. HE CAN TACKLE. IT'S NOT SUPERMAN...BUT HE MAY NOT BE FAR OFF.

EVERY DAY PROVIDES SOMETHING NEW AND EXCITING FOR KCSS GRADE 12 STUDENT, MARC FORTIN, AND HE ISN'T COMPLAINING. ONE OF THE BEST ALL-ROUND ATHLETES I HAVE HAD THE PRIVILEGE TO BE AROUND, HE EMBRACES EVERY NEW AND EXCITING MOMENT IN SPORTS. "I LOVE IT," HE STATES WITH A SMILE. A FREE SAFETY AND RUNNING BACK FOR THE KING CITY LIONS, A HARD-NOSED, FAST SKATING CENTRE FOR THE KING WILD, AND A HARD-TACKLING, GOAL SCORING OUTSIDE MID FIELDER FOR THE WOODBRIDGE STRIKERS, HE WORKS AS HARD AS ANYONE I HAVE EVER SEEN, AND IT SHOWS. HIS EFFORT IS QUITE EVIDENT WHEN YOU WATCH HIM IN ACTION.

EVEN THOUGH HE DOES SOMETIMES BECOME A LITTLE TOO EMOTIONAL IN SOME CASES, FOR THE MOST PART HE KEEPS IT IN. "SURE, I CAN GET EMOTIONAL, BUT WHO DOESN'T? IT'S PART OF THE GAME TO GET A LITTLE EMOTIONAL, BECAUSE IF YOU DON'T THEN MAYBE YOU SHOULDN'T BE PLAYING." TRUER WORDS NEVER SPOKEN. WHEN PEOPLE SEE HIM, THEY THINK, "OH, HE LOOKS LIKE A GREAT GUY." THIS IS TRUE IN MANY CASES, BUT YOU BETTER STAY ON HIS GOOD SIDE ON THE FIELD, OR ON THE ICE, BECAUSE HE CAN SURE GIVE YOU A HARD TIME. HE IS WHAT MOST SPORTS PEOPLE WOULD CALL, "A RAT" OR "A PEST" BECAUSE HE IS VERY GOOD AT INSTIGATING, WHICH MAKES HIM A FAN FAVOURITE TO MANY. FOR ME, I COMPARE HIM TO A MIXTURE OF DARCY TUCKER AND MICHAEL PECA OF THE TORONTO MAPLE LEAFS, TOUGH AS NAILS ON THE ICE BUT ONE OF THE FRIENDLIEST GUYS YOU'LL EVER MEET. WHEN ASKED ABOUT THE COMPETITION OF SPORT HE SIMPLY RESPONDS, "EVERYTHING ABOUT SPORTS IS AWESOME, THE PEOPLE YOU MEET, YOUR TEAMMATES, THE THRILL OF WINNING, AND THE PEOPLE YOU GET TO HIT (LAUGHS)." A FEW THINGS THAT MARC LISTS AS HIS HIGHLIGHTS OF HIS SPORTS CAREER THUS FAR ARE WINNING JUNIOR ATHLETE OF THE YEAR, BREAKING KCSS JUNIOR FOOTBALL RECORD FOR MOST TOUCHDOWNS IN A SEASON, COMPETING IN THE JUNIOR METRO BOWL AND PLAYING AAA HOCKEY FOR THE VAUGHAN KINGS, BRAMPTON BATTALION, AND BARRI COLTS.

MY PERSONAL EXPERIENCES WITH MARC FORTIN BEGAN WHEN WE WERE 10 YEARS OLD PLAYING MINOR ATOM HOCKEY FOR THE NOBLE KING KNIGHTS. WE BECAME REALLY CLOSE, AND THAT'S WHEN I REALIZED THAT HE WAS A GREAT ATHLETE. THE MORE TIME YOU SPEND WITH HIM, THE MORE YOU REALIZE HOW MUCH HE WORKS AT BEING A GREAT ATHLETE. WHETHER IT BE RUNNING OR WORKING OUT, HE'S GOING TO DO IT, IF IT MEANS HE'S GOING TO GET BETTER. AS A GOOD FRIEND OF MARC'S, I REALLY LOOK UP TO HIM IN THAT ASPECT, BECAUSE WHO DOESN'T WANT TO BE A GREAT ATHLETE. HE CAN DO PRETTY MUCH ANYTHING YOU ASK HIM TO DO ON THE ICE OR ON THE FIELD. YOU WANT HIM TO HIT SOMEONE ON THE ICE, SCORE A GOAL, OR BE THE BIGGEST PEST IN THE WORLD - IT'S HIM. ON THE FOOTBALL FIELD, IF YOU WANT HIM TO SCORE A TOUCHDOWN, MAKE A BIG HIT, OR MAKE A BIG INTERCEPTION - HE'S THERE. AND ON THE SOCCER FIELD, HE'LL SCORE, HE'LL DEFEND, HE'LL MARK. WHATEVER IT IS, HE'LL DO IT. ALL THESE THINGS MENTIONED, ARE JUST MINUSCULE COMPARED TO WHAT HE WILL DO FOR YOU OUT OF THE LIMELIGHT OF SPORTS. FROM PERSONAL EXPERIENCES, I KNOW HE'D STEP IN IF YOU WERE IN TROUBLE, TAKE THE BLAME, PICK YOU UP, AND STICK UP FOR YOU IF SOMEONE WAS ON YOUR CASE. HE'S A GREAT LEADER AND HE LEADS BY EXAMPLE. I HOPE THAT HE GOES ON TO DO GREAT THINGS, ATHLETICALLY, AND FOR HIMSELF, BECAUSE HE DESERVES IT. I HOPE SOME COLLEGE OR UNIVERSITY REALIZES HOW GOOD HE REALLY IS, AND REALLY GIVES HIM A LOOK. AS A SPECTATOR, A TEAMMATE, AND A FRIEND, I WISH MARC FORTIN NOTHING BUT THE BEST.

Varsity Girls Indoor Soccer

This was the first year that KCSS put together an all girls indoor soccer team. For a group of young ladies with little experience in the indoor soccer world, they certainly made their school proud. Although there were no intermural games played, the girls were entered in a local tournament competing for a top spot against thirty opposing teams. On Tuesday March 20th, the team played their hearts out winning two out of the three games. Captain **Christina Tharrenos** led her

team to victory scoring a total of 3 goals. Other goals were scored by **Julie Kovacs** (2) **Kelli Koteff** (1) and **Maggie Hall** (1). A special honorable mention goes to goalie **Emma Caruso** for all her hard work and success at the tournament. The girls excellent game strategies allowed them to advance to the semi finals the following Friday. Focus, drive and determination, were the key components to the girls success during the tournament. The team would like to show their extreme gratitude to their coach **Mrs. Raposo**, and manager **Nick Furlano** for their outstanding coaching and continuous support this season. Congratulations to the whole team, awesome job ladies!

Team Members included: *Emma Caruso, Jess Cognolato, Lucy Gentile, Maggie Hall, Sam Jeske, Kelli Koteff, Julie Kovacs, Sam Mladenovski, Nicole Mondolo, Shannon Tanner, Shannon Hyslop, Salome Alexander and Christina Tharrenos.*

An eager student Zach Mutter awakes his answer

In Loving Memory of

Alex's passing was a sudden and tragic loss to us all. He came to KCSS from Kettleby Public School and quickly made friends with students and teachers alike. He was full of energy and enthusiasm and always had a smile on his face. Friends remember Alex as outgoing, caring, and fun to be around.

May his memory be eternal to all those who knew and loved him.

Don't be dismayed at goodbyes. A farewell is necessary before you can meet again. And meeting again, after moments or lifetimes, is certain for those who are friends.

Alex Barton-Francisco June 21, 1991 - April 25, 2006

Alex (bottom left) and friends at Kettleby P.S. celebrate their grade 8 graduation.

After the Funeral

Well, it's all over now,
All the emptiness shown somehow,
I feel so alone,
You always use to phone,
Well, be happy and be free,
I wish everyone could let you be,
Everyone will miss you,
This much is true,
Take care of us all,
It will be lonely walking the halls,
It was so hard saying goodbye,
Now all I'm doing is crying,
It felt so weird being there,
I don't know exactly where,
Please always look over us,
Show us that friendly touch,
Well, the time has come
To say goodbye. Nothing is the same,
I really love you,
Our friendship was always true.

Francisco, Alex

Alex always had a sense of humour and a vibrant spirit. He was deeply loved by his parents (pictured above) and will be remembered fondly.

Character in Action

The Character in Action committee is dedicated to making a difference to those in need.

The committee (pictured below), has been involved in various initiatives that include working with the homeless, raising money for families in need, and working with outreach programs around the community. Not only do the students gain volunteer hours for their efforts, but an experience that will last a lifetime! Supervisors: Ms. Georganas, Mr. Porretta, and Mr. Bently.

In May 2006, the students at King City Secondary had the chance to enter their poems in a contest relating to 'Character Matters' traits. The English department selected the top prize winner in both the junior and senior divisions. Congratulations ladies!

Take Initiative!

Taking a stand can change the world.
It can change people's lives,
But it can't buy you pearls.
You can succeed in what you want,
if you hold your head high,
You can get an education if you only just try.
So you tell them "just listen", "just listen" you say,
"I'm standing here to tell you something important today."
They don't want to listen, so they turn in their seats,
They're listening to music like hip-hop and beats.
You want to run, just run and hide,
But something inside you says no take the ride,
You raise your head high and shout just one line,
"Listen to me now we are running out of time!"
They all look at you now, with an evil stare,
You think to yourself *what's going on out there?*
You have their attention, at last they hear you,
But the way they are looking,
can they really maybe fear you?
It's your chance to take initiative and take hold of this bunch,
But you have nothing to say.
Not an idea. Not a hunch.
You look at their faces, they're looking at you now,
So you start your speech with a good morning and a bow.
"Haha" they laugh. "Who bows?" they say,
But you don't let them get you, don't let them in your way.
It's your time to take charge and take a stand,
You tell them, "To talk you must raise your hand!"
They listen while you explain, the instructions you give,
They know now you're serious, and you want them to live.
And in the end when they find out what you want,
They realize your there to explain drugs and their taunts.
Now you know you told them, it's there time to show,
Will they follow your advice? We may never know.

- Liana Emili

The Lifelong Endeavor

My mind is flooded with static.
Crowded with misconception
Incorrect perception.
Senseless information
Spreading, like infection.
Unsure of where to go,
But here I stand.
Ready to face the world,
One, weapon in my hand.
My mind,
My knowledge,
My experience.
The gift of perseverance.
...I can only hope that it's enough.

Never-ending is the roller-coaster of adversity.
Always feeling,
That the world's against me.
So I keep fighting, everyday.
Not listening to anyone, making *my* own way.
Unwilling to hear, my dreams won't become reality.
Trying desperately to avoid failure, describing life through analogy
...that lives in my eyes.

Now I stand here, the person I am
A product of my choices and determination.
Focused on a destination,
That I've created by myself.
Not chosen by *anyone* else,
That I have yet to succeed,
...then I'll make another goal and strive to achieve.

TOWN OF AURORA

At King City S.S there are many students that must travel from other towns every morning just to get to school. The reason behind their madness? They have either moved away and don't want to miss their friends, or they have heard about our school's good reputation. These students add some flavour and spice to K.C.S.S. and bring in some new and exciting personalities. Not only do the towns of Oak Ridges, Aurora and Newmarket, accomodate these students, they are also homes of the hot spots that every K.C.S.S student will enjoy during their time in high school. Such popular places include, Mr. Sub, McDonalds, Subway, and Silvercity.

Left: These outsiders from Aurora, Damian Gough and Meagan Curran, love it so much at King City they can't bare to leave.

Land Ho Matey! Nobleton

The Nobleton water tower located on Russel Snider Drive, once had "Nob Town" written in pink spray paint, possibly showing our true colours.

The Nobleton Plaza, where all the locals shop.

The heart of King Township is Nobleton, the greater of all the towns. Home to Nick Boynton of the Phoenix Coyotes, and home to the greatest burger joint in the world, Tower Burgers. Nobleton also offers fine dining at Daniel's of Nobleton, and our bakeries, Cappucino Bakery, and the Country Bake Shoppe. Need a coffee? Just pop by Tim Hortons, they're open for 24 hours now. Or having a craving for Chinese Food? How about NobleWok, what better place to eat. Along with our great eating establishments, Nobleton has Sobeys, Pharmasave, the Mini Mart, Mac's Milk, and the Nobleton Arena, where countless great hockey games have been played. Last but not least, who could forget the King Brewery, it should be called the Nobleton Brewery, if it were my decision.

The best part about Nobleton, has to be the people. Even if you don't know the person, you can wave or possibly give a "hello" and they will smile and give it right back. Most people in Nobleton are laid back, and enjoy the quiet that this great town provides. There isn't a better place to live.

Nobleton Lakes Golf Club, one of the most prestigious courses, and not because of the name either.

A great place to talk about the daily occurrences over a nice hot cup of coffee or hot chocolate. A common phrase heard by many Nobleton residents has to be, "Meet me at Tim's." Also used as a meeting place for not only the students, but the older generations of Nobletonians.

The greatest burger palace in the world. Tower Burgers is known throughout the region. Most curious "passer-byers" will stop in to see what all the talk is about. Highly touted as the best place to get a burger, by all Nobletonians. Who needs a McDonalds, when you have Tower Burgers?

The Thank You for Shopping Nobleton sign. No one really ever understood its meaning, because there isn't a place to shop in Nobleton. All residents have now accepted it though.

Have you ever seen a tractor drive down the main street of your town? How about 25 in a parade? In Schomberg it's perfectly acceptable and no one even gives you funny looks! Wheat, corn, cattle and sheep, Schomberg's got it all. Many of these students live on farms, others in the town, but all of them are

King Township POTTAGEVILLE

welcome

Home to many students at King City Secondary, Pottageville is a neighbourhood where life long friends are met and life long memories are made.

In the outskirts of King Township, this town does not have much in the way of stores, but it does have many things to do, such as paying a visit to the park, skating around on the rink in the winter, or joining in on the many house parties that occur weekly. Get together, friends, Jays... this is all pretty much the fundamental beginning of any Pottageville students life. Mainly students of Kettleby Public School, this area is very sheltered from anything going on outside of the playground. A great place to be raised, this town is by far one of the best places to live.

KETTLEBY

Weedon Ct

With its rich history, and unique story, Kettleby is one of the smaller towns of King Township with a small population and even smaller Italian bakery. Before Kettleby was what it is today, it had a huge flour mill, a woolen mill, an oatmeal mill, a cooperage and a distillery. It used to be a thriving town, but things have changed and today this tranquil town lies timeless in its elegant place.

A thriving community in the 1800s, and used for centuries by the Indians, the Carrying Place originates from a long historic heritage. Where the golf course

lies, used to serve as a popular route between the Holland and Humber rivers in the 16th and 17th century. Visited by Champlain in 1615, this area was thought to have a more significant future than Toronto, when water transport was the ordinary form of travel. Today, there is a nearby golf

Riding in Style!!

While the rest of the K.C. student's rush to say their goodbye's and run to get on the bright yellow bus, there are some more fortunate people that have the luxury of being able to drive mom or dad's car...or better yet, their own! We all know (or can soon experience) the benefits of having a friend with a car. The positives of being able to drive are:

1. You don't have to bum off rides from your parents, especially during those late night parties.
2. You can go anywhere for lunch.
3. And last but not least, you don't have to take that sometimes dreadful bus, because you have a friend that will pick you up in the morning or drop you off after school.
