## Commencement

Alanna Faris, Mr. Miller, Dora Chen,

Dan Cress, Nikolas Chang, Derek Bartlett,

Students throwing their hats in joy.

The 2008 graduates returned to their former home on June 25th to receive awards and to pick up their diplomas at the commencement ceremony. The graduates have all gone their different ways, but they will not be forgotten! King City Secondary School wishes them the best of luck

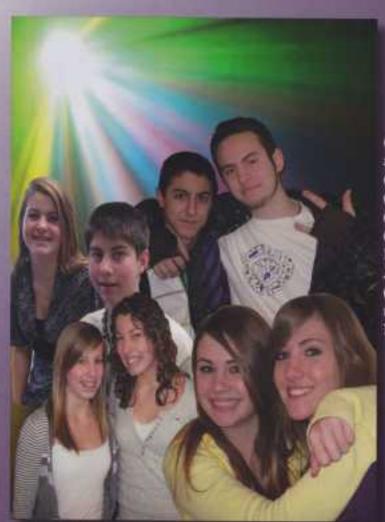

in their future endeavors.

### FASHION At KCSS, fashion is part of a student's everyday life. Whether the cold winter months or scorching hot summer ones, these students know how to work what they wear. There is a sense of individuality to everyone at King, even if it's not apparent at first glance. Each student brings something new and unique to the fashion world of our high school, sometimes without even knowing it. Although unfortunate, clothing is regularly defined by cost or designer. Don't let this happen to you! Buy what you want and wear it knowing you look fierce. Field Trips

Field Trips seem hard to come by as the years slowly progress. However when a teacher proposes the idea of a Field Trip, not one student can willingly turn down the idea. Come on who wouldn't pay to get out of school for the day? I know I would.

Co-operative Education - unlike traditional schooling; provides students with the hands on experience in their desired field of work. Instead of being held down in a classroom, counting by twos and learning to tie your shoes, you could be assisting a doctor at a hospital, or helping prepare elementary school day plans. Really the possibilities are limitless.

## Tattoos

Over the years, tattoos and piercings have increased in eopularity throughout society. Beginning over 5300 years ago as a way to mark beauty and dass distinction, today the practice continues as a way to express your own individuality Although it . twas once uncommon to find high . school students with piercings or tattoos, today KCSS students show that they are eroud to sport colourful and Meaningful tattoos as well as a Variety of eady piercings Tattoos are clearly no longer taboo at KCSS!

## STUNT DOUBLES

It's grade 10 for these stunt doubles, and by now they're basically used to the ins and outs of the high school business. They don't have the same fears they had as grade nines, and they're not quite under the intense pressures of career prep and post-secondary planning. They're at the perfect time in their lives to start figuring out who they want to be and how they want to make their mark on the world.

2001 ING CITY SECONDARY SCHOOL

## Final Credits

Looking back at the past four years we have spent in high school, it may have been the best years of our lives. There are many milestones over the course of high school that will never be forgotten. It was in high school that we made our closest friends, competed to excel, and learned important lessons about life. Even through all of the preparation that high school puts us through for the real world, we will never be truly prepared for what will be thrown at us. However, we must not be upset by the inevitable goodbyes, as they are necessary for us to meet again in the future.

Graduation does not mark an ending, but a new beginning. And as we take our final walk through the halls as students of King City Secondary School, we should acknowledge that graduating is a reflection of the huge changes that will be occurring in our future. We will always have the memories of everything we have been through. Memory is a way of holding onto the things we love, the things we are, the things we never want to lose. No matter what, the memories of high school will always be retained, always there to look back on.

December 4th, 2008, marked the annual Winter Music Night. This night was busy for all of the the music students, as the prepared many songs to perform for family and friends. The Music Council put together a large bake sale as well as a raffle, and raised money to put towards new instruments such as a bass clarinet, a baritone saxaphone, and a tuba. The Junior and Senior Concert Band, Jazz Band, and Guitar Ensemble all performed.

Yes, whether it be rain or snow these dedicated students showed up ready to run! Ms. Kofalvi and Mr. Schoenhardt coached the team this year and made it a fun experience for all who joined.

# SINK OR SWM

It is only the second year of the KCSS swim team and all 14 members made it to the York Region Athletic Association's Championships! From swimming three intense practices a week, and kicking butt at the Aurora swim meets, these swimmers really improved their endurance and technique throughout the season. A special mention goes out to Callum Ross for qualifying for the OFFSA meet in Etobicoke and placing 5th and 7th of all the best high school swimmers in Ontario. Of course, none of this would be possible without their dedicated coach, Mr. Chen. Let's hope to see this team continue with their success in future years!

King City's ski and snowboard team had a successful season yet again! For the 11th consecutive year, the Girls Snowboarding team placed first in the York Region Championships. Winning this event qualified the team for the OFSAA Championships, where the girls walked away with the silver metal. Individual Placings at OFSAA: Lauren Park-5th, Katy Maclachlan-17th, Lauren Madronich-23rd, Mallory Reinthaler-24th and Jessie Elder-34th. The Boys Snowboarding team also had a great year, placing fourth in both the YRAA Championships and the OFSAA Championships. Individual Placings at OFSAA: Kyle Foley-44th, Reid Spence-93rd, Jesse Kitteridge-98th, and Daniel Russell-100th. Our ski team came out strong, with Alexis King placing 20th in the GL (Giant Slalom) at the YRAA Championships, and Ben Gooley in 29th, Zachary Mutter in 31st and Eric Cognolato in 45th for the same event. Congratulations to the entire team for cleaning up at each competition they participated in!

Like editors in a movie, student council has the power to say what stays and what goes. They act as the bridge between the student body and staff, letting our voice be heard to the powers above us. Spearheaded by Mr. Schoenhardt, they meet every week to discuss how to better our school. You better believe they all earn their special lockers right by gym 1&2.

The ESP (Empowered Student Pannerships) Committee is responsible for creating and maintaining a safe and caring environment within the school, and promoting equality, positivity, and anti-bullying at K.C.S.S. This year, the ESP Committee led by Mrs. Liddell, Ms. Ley and Mrs. O'Quinn, hosted many events and fundraisers, such as the follipop sale for MADD Canada. The ESP Committee organized Pink Day and Day of Silence, and members presented cyber bullying seminars for grade 9 students. They worked in coalition with the York Regional Police, attending informational seminars and bringing officer Chris Whitworth into the school to raise awareness of the dangers and consequences of drug use. The ESP Committee also collaborates with the school leaders or Mentors, who lead ROC-KING and bring the ESP values to camp. The ESP Committee had a very successful year, and has taken a large step forward in changing the attitudes at K.C.S.S. to make our school a comfortable place for all

by is an event hosted annually on February 25th that raises antibullying awareness and allows people of all ages to stand up for
those who are unable to stand up for themselves. The event
briginated from the ideas of two Nova Scotia high school students,
build Shepherd and Travis Price, who would not sit back as a grade
me male student was bullied for wearing pink. King City, with the
rest of the country, has followed suit to take a stand.

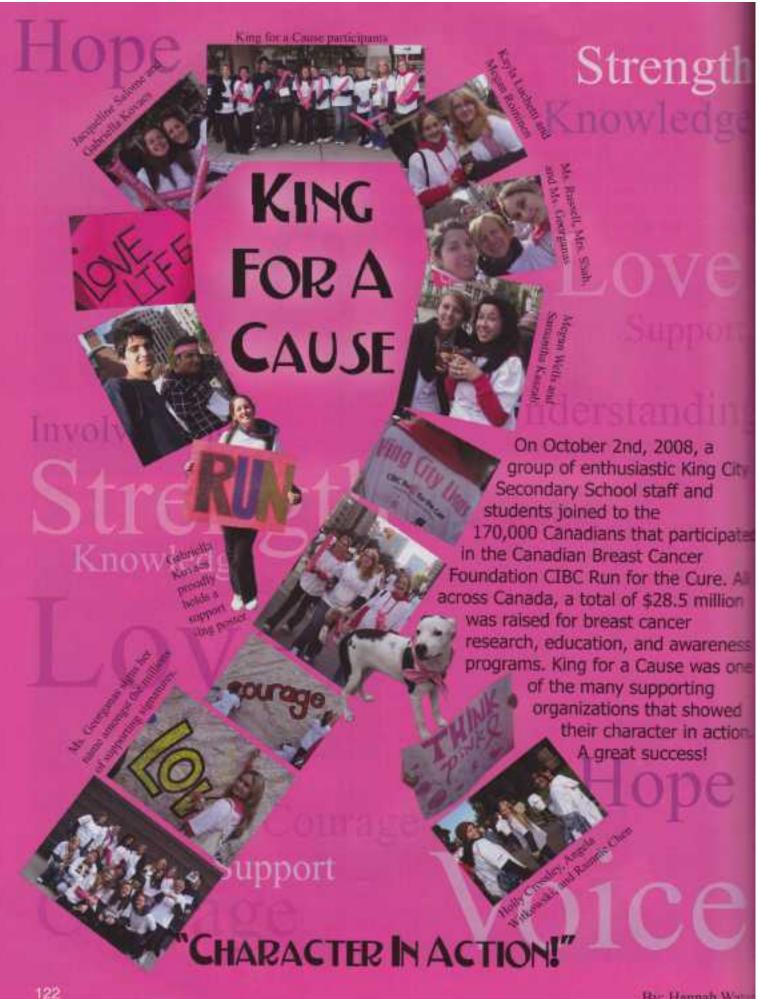

April 17th, King City Secedary School participated the global event known as

K.C.S.S has been hard at work this year, introducing the "Green Team". The Green Team, lead by Ms. Kofalvi, is the Environmental Club made up of dedicated student volunteers. They make it their priority to raise awareness around the school and encourage students to practice responsible environmental care at home. Just in time for Spring, the Green Team successfully raised money which they collected from each homeroom class, to purchase variations of trees to plant around the school. The more money the students raised in their class, the larger the tree they would have to plant. With many projects in mind, the Green Team will continue to inspire King City's students and work together to help make this world a

better and greener place!

People say New York is the capitol of America. In much the same way, Kettleby is the capitol of King Township - nay, the entire world. Established in 1842, early settlers often referred to it as Tyrwhitt's Mills, in honour of the mill owner Septimus Tyrwhitt. However, he disapproved of the name, and his wife subsequently named the hamlet Kettleby.
