## **STAFF**

Mr. Fawcett

## principal's message

It is my privilege and pleasure at this time to contribute a message to the Yearbook. I am very much aware and appreciate the great amount of work done in collecting, collating, laying out the pictures and articles, selling advertising, selling the Yearbook and the general administration which is necessary to produce a work of this kind.

The Archon stands as a record of school activities and allows us to relive again these stirring events in the years to come. It serves to remind us of the achievements that each of us had gained through our efforts and to encourage us to tackle next year with new strength and determination.

I thank and congratulate all those members of staff and student body who have assisted with Archon 84 in any way.

I trust this past year has been a successful one for all and that the future holds many happy surprises and good fortunes.

## vice principal's message

Thomas Wolfe wrote and many other people believe that "you can't go home again". When something is over, it's over and we can't recapture that experience again. However, through a school yearbook, such as Archon 84, we are able to capture both in print and in pictures at least some of the events and people who made 1983-84 the year that it was.

To many of us, both students as well as staff, King City Secondary School is a very special place and a very lively place. Most importantly, people are its life. There are so many varied components of its life for all to plug into — whether it be athletics, field trips, music bands, dramatic arts programs, fundraising, student administrative council or of course the yearbook committee. While at King we encourage you to study, learn, participate, contribute and above all enjoy.

This year the events which have meant the most to me personally have been the junior boys' basketball team winning the Georgian Bay Championship, the excellent fundraising activity at Christmas and the CHUM video dance, the excitement of Grease and Education Week, especially Open House.

To those of you who are returning to King next year I wish you a most enjoyable summer and best wishes for next year. To those who are leaving, I hope that you might always remember the feeling of friendship and warmth found here, expressed very beautifully in Jonathan Livingston Seagull.

"But overcome space and all we have is Here  
Overcome time and all we have is Now.  
And in the middle of Here and Now,  
Don't you think that we might see  
or think of each other once or twice."

Thank you for a most enjoyable and successful year.

# K.C.S.S. Report . . .

Much happened in the small world at KCSS this year...

...the grade 13's started the year off with great hit-men imitations for the initiation of the minor-minors. Students were serenaded by grade nines during the lunch hours as they were forced to sing and dance on the tabletops.

...the football teams held their annual Pop Rally and slave auction.

...the teachers gave the school a Christmas Assembly that will not soon be forgotten by all those who attended. Fortunately, the grade 13's did not forget Christmas this year and they, too, presented a successful show. ...leather seemed to be all the rage this year, with leather pants, skirts and jackets frequenting the hallways.

...Boy George look-a-likes also seemed to be popular, while others preferred their 'Flashdance' look or their rat-tails. The 'preppy' look returned, as did the punk trend. ...break dancing made its debut in the hallways of KCSS.

...unfortunately, not all KCSS dances were as well attended as the CHUM FM Video Dance that

the school hosted, with the proceeds going to a worthy cause.

...all students enjoyed their extended Christmas holiday (2 weeks!)

...a lucky few spent their March Break in London and Paris while many others enjoyed the sunshine and warmth in various exotic regions of the world.

...the NTF made a brief, but colourful appearance, but later turned out to be 'bench sitters' ...for the second year in a row, KCSS presented a musical. Many hours of rehearsals and preparation went into presenting 'Grease'! In an attempt to raise money for their 'U.S. tour' to Gaithersburg, the students involved in the Grease production held a marathon dance, with Mr. Ellison as D.J., 'Rip Tide' ...a group of grade nines went to the Arctic to experience 'northern life'. ...two french-exchange students spent the first term at KCSS.

...A new time-table was decided upon for next year by the KCSS staff.

...the bands participated in an exchange with students from Ottawa and North Bay.

And to deviate from K.C.S.S. for just awhile...

...the 1984 Winter Olympics were held in Sarajevo, Yugoslavia. Canada's ski teams were disappointing; however, American Bill Johnson stunned the world by winning the gold medal in the downhill. Canada's Brian Orser won a silver medal in figure skating and speed skater Gaetan Boucher arrived home to a hero's welcome after capturing 2 golds and a bronze medal.

...Prime Minister Trudeau resigned as leader of the Liberal Party on February 29, 1984.

...the Russians shot down a Korean Airlines 747 that drifted into Soviet airspace, killing all 280 people aboard.

...the cruise missile was tested in Canada, despite demonstrations condemning the testing.

...Michael Jackson caught on and then caught fire, while Weird Al Jankovic told us to "eat it".

...people flocked to see "Blame It On Rio", "The Right Stuff", "Terms of Endearment", "Splash", and "Thriller".

...all in all, it was a good year. Best wishes to those who are leaving King this year and for those returning, see you next year!

# FRIENDS WE KNEW

Mr. Jarvis has been teaching at King for 8 1/2 years. He assisted Mr. Young with the set design for "Li'l Abner".

He came to Canada in 1957, having served a 5 year general engineering apprenticeship in the U.K. and finished in tool Design office. He worked for Vauxhall for 4 years prior to emigrating and then spent his first 7 years in Canada working for General Motors in Oshawa. He then proceeded to Teachers' College in Toronto.

He enjoys taking photographs and has a large collection of slides recording his travels both in North America and Europe. He hopes to visit Australia and New Zealand in 1984/85, and add to his collection. He also loves music--all types--but especially grand opera.

He says that he will miss many of the students and staff at KCSS, but is looking forward to taking some new direction in his life.

We wish him well!

## FRENCH EXCHANGE STUDENTS

Our two French exchange students were Lyne Ringuelte from Val D'or and Janic Beaulieu from Pointe-a-la-Croix. They "made a lot of new friends" and found the "people here friendly." Lyne and Janice "liked French class! easy...." They found their stay a "good experience and recommend it to everybody." Both girls are "happy to go home," but are "also sad to leave new friends."

In memory of Caitlin Rigby, class of 1984, who passed away on July 24, 1983.

Although her hand we cannot clasp,  
Her face we cannot see  
Her memory lingers in our hearts  
Where it will always be.

Mr. Bill Monroe presents diplomas to graduating grade 12 students.

## COMMENCEMENT

Julie Quesnelle receives her award for highest standing in Grade 13 English from Mrs. Bivall.

### VALEDICTORIAN ADDRESS

It's hard to take some of the most colourful years of your life and put them into black and white, yet it's important and necessary that we reflect on what has been achieved over the past four or five years.

Perhaps it is only once we graduate that we realize that high school is the most important of all formal education. Your high school years come at a most crucial point in your life — a time of social and personal change and development. The first time we entered the halls of K.C.S.S., we still had one hand holding on tightly to those apron strings, but with the other hand, we dared to explore. We dabbled in arts, sciences, technical skills. We learned about a lot. Eventually we let go of the apron strings altogether and used both hands to sift through the masses of ideas we were being exposed to.

I remember wishing I had six hands to be able to cope. We learned to think; critically; we learned to face not only the facts, but how to draw our own conclusions; to make intelligent, adult, rational decisions. As Emerson once said, "The things taught in schools and colleges are not an education, but the means of an education." So here we are now -- full of curiosity, questions, and some skepticism about what we see, but trained to keep an open mind so that we can analyse and make sense out of what we are about to experience in life -- our real education. This piece of paper, our diploma, doesn't give us the right to say, "I am a learned person", it says, "I am ready to be a learned person", a task that takes a lifetime.

But all this can be said of any graduate in any graduating class. And we are not just any graduates; we are the Class of '83. Like other grade 13's before us, we had the opportunity to "welcome the grade 9's to high school life. But it was only the Class of '83 that planned the initiation for September, but never pulled it off until November. However, I also recall that when the grade 13 curriculum didn't allow for a physical education program, it was the same graduates who put one together themselves during spare time.

We also acknowledge the contributions of individuals who characterized our class and made it stand out from the others before us. We have Tom Kidd and Carol Tomlinson to thank for the paper shortage at King, having accumulated over 150 admit slips between the two of them. We thank Rick Pennycooke and Al Mackenzie for entertaining us with their cafeteria sing-a-longs, during period 3 lunch. We congratulate Denise Matthews and Matt McCarthy, who, apart from the regular work load, played the leading roles in our production of "Li'l Abner". We recognize the outstanding achievements of Greg Betty and Chris Dohle, having earned an all expense paid university education and job security from General Motors. I cannot forget to mention Richard Konop, our over-worked President and his supporting staff who worked hard to make the activities of this school function so successfully. I'd also like to thank Andrew Wood -- I don't know why, but without him our class just wouldn't be the same. But most of all I congratulate all of the graduates here tonight, not only for successfully completing 4 or 5 years of hard work, but for putting on the best Christmas Assembly in King City's history. . . or at least we would have if Christmas hadn't come so early last year.

We remember English and Physics that we replaced with skating parties, and baseball games; we remember the fun we had dressing up for the Prom, only to be thrown into Richard's pool at the breakfast party. And the fun we had didn't end with high school, but continued on during the summer, with Matt's book-burning party. Remember the satisfaction we felt seeing those English B and Canadian History notes going up in flames? But the real satisfaction came not from seeing a year's worth of work burn away, but from the sense of achievement that those notes symbolized. There were so many good times we shared together, it is impossible to one speech to encompass all of them.

So when you tell someone you are a graduate of King City's Class of '83 you can say it with your head held high, for you have something very special to be proud of. Good Luck!

Julie Quesnelle

## Canoe Trip

It rained and hailed. It was cold and miserable. It was the grade 13 canoe trip! But thanks to Mr. Campbell and his knowledge of "canoeology," we not only survived the swamp, we learned from it. I'm sure none of us will ever attempt to eat Magic Pantry's "Sweet 'n Sour Pork" again, or even scrambled eggs in the rain. Now Pete, the lumberjack, knows how to cut branches down from trees, top to bottom, not bottom to top. Pete also knows now that trees are painful. Maybe now, Mr. Campbell and Bruce have resolved their differences, but probably not. Overall our vocabulary has been expanded to better appreciate: canoeology, convoy, wet, sirens, pain, hail, rapids, push, pull, backpaddle, portage, matches, 2-man tent, 12 dollars, canvas, nylon, waterproof? bears, campfire, life jackets, tip, paper-rock-scissors game, goop, **HELP!!!!!!!**

# Christmas Assembly

This year's Christmas assembly was a vast improvement over last year's -- there was one!! The grade 13's were in good form with their "teacher impressions" (we now know what they've spent five years learning!) Everything was in good fun and we hope the teachers laughed along with the students.

The staff got into the spirit of things and with a guest drum corps, gave us a rousing rendition of The Twelve Days of Christmas (I Wanna -- indeed!).

All in all, the assembly proved to be unforgettable and got KCSS into the "Christmas Spirit."

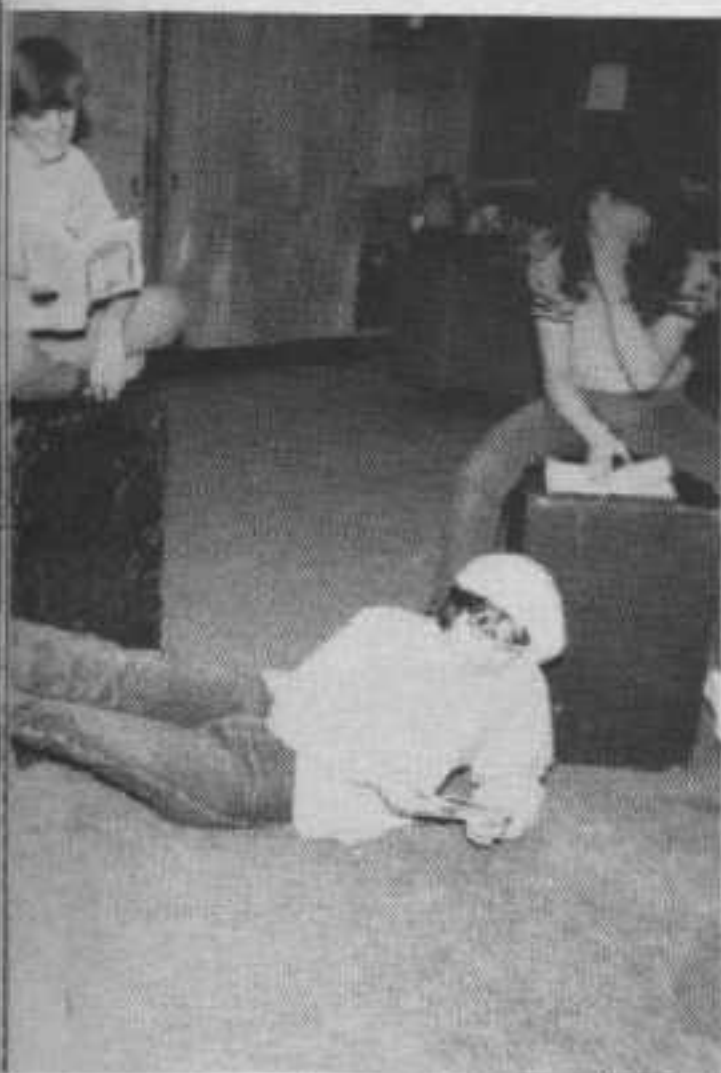

# GREASE...

# April 2~7

If you were one of the more than 3,000 people who watched this year's production of *Grease*, you saw the final product of months of work. For 2 1/2 hours you stepped into a world we've been living in for about 4 months. Perhaps you thought it was a great show, maybe you didn't, but for the people involved it was an experience never to be forgotten.

Who could forget the excitement of auditioning along with 200 other people? Your mouth was dry and your tongue stuck to the roof of your mouth so that you couldn't sing. The anticipation of waiting for the cast list and the disappointment if you didn't make it are still remembered.

What came next was weekly rehearsals that totalled more than 150 hours. This did not include endless hours spent learning lines and making costumes.

It wasn't all work though, some of us had our educations expanded--although, not necessarily of the better, we shopped for costumes in some of Toronto's more "fashionable" districts and during the March Break we attempted to paint or staple each other many times. Of course, who could forget singing *Grease* songs in French, or Mr. Young's 5 minute version of the play, or our trip to Gaithersburg?

Through it all we punched each other (accidentally, of course). We argued; we partied; we laughed and we cried. But if asked, we'd do it all again-in a minute!

# FIELD TRIPS . . .

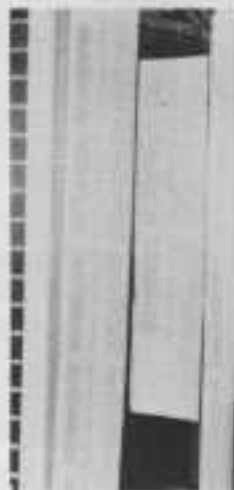

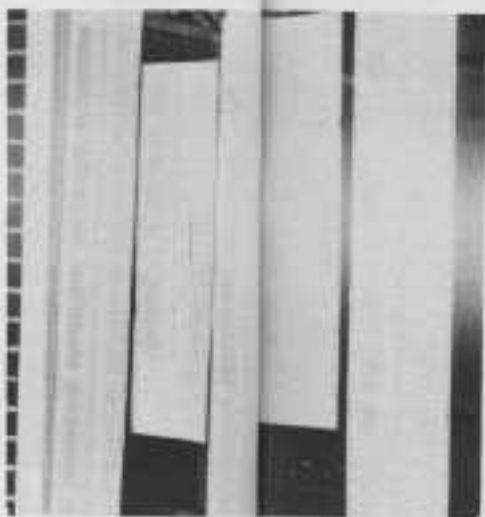

Many K.C.S.S. students participated in a number of field trips this year.

Early in September, a group of grade 12 and grade 13 students went to the Shaw Festival to see the play "Cyrano de Bergerac". They spent the day browsing through shops, boutiques and restaurants in Niagara-on-the-Lake (in the pouring rain) investigating some of the fine cuisine before seeing the play in the afternoon. Overall, the day was very enjoyable.

The theatre-arts and creative skills classes participated in numerous field trips to The Young People's Theatre, seeing such plays as "Of Mice And Men", "Twelfth Night", and "A Christmas Carol". They also went to see the "Cleo Awards" in early October.

In October, the grade nine advanced geography students went on a trip to the Niagara Escarpment and the Credit River. They identified rock samples

and studied the history of towns such as Cataract, and Forks of the Credit. They followed an abandoned railway and observed ruins of a train depot, a water tower, and a hotel, deserted mills and electric plants along the Credit River. The field trip enabled the students to gain a great deal of knowledge about the area.

Mr. Ellison's grade 12 economics class spent a day in November down at the Toronto Reference Library collecting research for essays. Mr. Ellison's bus driving abilities were tested as he attempted to manoeuvre the bus out of the Finch subway station parking lot. Truly an experience!

Grade 11 history students went on their annual "archeological dig" -- in the far corners of the school grounds, of course!

The music classes went to Roy Thompson Hall to test the acoustics and to see the Toronto Symphony Orchestra in action.

The German and art classes went to the Art Gallery of Ontario to view the display of Dutch art. The students were impressed by the life-like paintings by such famous artists as Rembrandt.

# Twelfth Night

adapted and directed by Richard Greenblatt

NATHAN COHEN STUDIO  
January 8 to February 10, 1984

K.C.S.S. held its first annual "Activity Day". Students were able to choose from a wide variety of activities, including skiing (both alpine and cross-country), a day at the Toronto Zoo, racquetball at the Mayfair Club, a trip to the new Toronto Stock Exchange, a market tour including such places as Yorkville, Kensington Market, and the St. Lawrence Market. For those who were interested in crafts, stained-glass and ceramics classes were offered. The skiers had to endure poor snow conditions as the weather decided to warm up, thus melting the snow. However, judging by the large student participation, (to say nothing of the smiling faces the next day), the day was a success. Thanks to all the staff members who helped to organize the various events.

The grade 13's went to see the play "Waiting For Godot" as part of the 13-A english course.

The bands participated in band exchanges once again. The senior band had an exchange to Ottawa, while the junior band had an exchange to North Bay.

This is just a summary of some of the field-trips K.C.S.S. students were given an opportunity to take part in.

# Paris and London . . .

During March Break, a group of students from KCSS embarked upon an 'Adventure in Paris'. Adventure is what we received, from beeping constantly in airports, to flooding hotel rooms, to brawling in pubs, to bomb scares at our hotel, our trip was nothing short of eventful. We serenaded the city of Paris, and searched endlessly for an edible meal on a Sunday. London was a different story, at least we didn't have to speak *franglaise*! The pubs were fantastic, (except for a few of the patrons), so was walking up the 650 steps of St. Paul's cathedral. Who can see the panoramic view when your feet aren't fit to walk on? Gallerie Lafayettes, Printemps, Champs Elysees, Kings Road, Oxford St. Covent Garden --shopper's heaven. Some of us were terrific shoppers using any spare cash and time, even at Harrods (a fantastic store). The historic sites in both cities were great. We absorbed a lot of history and culture in a short time. It was over too soon, much to everyone's disappointment.

Paris & London will never be the same.

## I Knew I was too Young

I knew I was too young to die  
I hope my mother will not cry.  
If only I didn't drive to school  
I wouldn't be lying in this bloody pool.  
I knew I was too young to die  
I hope my father will not cry.  
If it hadn't been such a foggy morn  
Right now from life I wouldn't be torn.  
I knew I was too young to die  
I hope my sisters will not cry.  
If only I had taken the bus  
Now there wouldn't be all this fuss.  
I knew I was too young to die  
I hope, myself, I will not cry.

## Just to Say

He phoned me,  
Just to say that;  
Warm inside,  
Crazy,  
Missed me.  
Reminds me of;  
Crisp cool days,  
Tea by the fire,  
Sweaters,  
Lazy,  
Sunday afternoon.

## It's No One's Fault

It's no one's fault

That the puzzle,  
doesn't fit perfectly,  
Anymore.

That the words,  
though still spoken,  
Mean so much less.

That the embraces,  
though still as tight are,  
Brotherly.

That the silences,  
are longer and longer and,  
Uncomfortable.

It's no one's fault.

## Miles Away

Cold  
Miles away  
Empty hearts  
Rainy days  
Long nights  
Missing you.

The Reed

I grasped the reed  
and shook it hard.  
The morning dew  
tumbled off,  
like pearls released,  
from a string.  
My breath was seemingly  
suspended in the air.  
The surface of the water  
was slick and glossy.  
Except for the waterbugs,  
who were significant only to me.  
And I looked around,  
and was more.

Kim Stanier

Precious Time

God give me hope.  
God give me nerve.  
God give me, the life I deserve.  
God give me time.  
God give me tomorrow.  
God, oh God, take away this sorrow.  
God give me breath.  
God give me power.  
God let me live, just a few more hours.  
God give me wisdom.  
God give me love.  
God, I'm not ready to ascend up above.

Janet Hill

Forever Changing

Forever changing  
The young to the old  
The seasons into years  
Warm into cold  
I miss you now  
Like never before  
Please come back  
You've evened the score  
I know I'm to blame  
I was so insecure  
The confusion and tears  
It's so much a blur.

*Thick brocades  
Heavy tapestries  
Cluttered  
Cold iron railings  
Worn persian rugs  
Dusty

## CLUBS

A handwritten musical score on a five-line staff. The title "LOOK AT ME I'M SANDRA DEE" is written in large, bold, capital letters at the top. Below the title, the word "CONDUCTOR" is written in a stylized, outlined font. To the right of "CONDUCTOR", the text "FOR MUSIC CLASS" is written in a smaller, cursive-like font. Below "CONDUCTOR", the word "PIANO" is written in a large, outlined font, followed by the text "THE PIANO PART" in a smaller font. To the right of "PIANO", the word "GREASE!" is written in a large, outlined font. Below "PIANO", the text "2nd CHORD ONLY" is written in a box. Below "GREASE!", the text "1st CHORD ONLY" is written in a box. The score includes musical notation with notes, rests, and a key signature of one sharp (F#). The notes are written in a simple, hand-drawn style. The score is divided into two main sections by a double bar line. The first section contains a single note, and the second section contains a single note. The score is written on a five-line staff.

You can really tell that school spirit is returning to KCSS. This year at Christmas we held our First Annual Christmas Drive where we managed to raise more than \$500 cash and where each homeroom filled decorated boxes with food; these were donated to needy families in the local community along with the money. Before Easter we held a fundraising drive where the students raised money by selling chocolates to sponsor overseas children, to improve the interior decor of the school and to help fund afterschool activities.

A Special Thanks to the Fundraising committee for all their hard work!

Once again S.A.C. was very active in supporting student activities. As usual S.A.C. contributed to the support of Athletic teams through fundraising drives such as the Mike Cooper dance, Hallowe'en dance and many, many more fun filled events.

## i.a.p.a.

In order to promote safety within school shops, the technical department was involved in the Industrial Accident Prevention Association (I.A.P.A.) Program for a second year. Team members met every day for four weeks to prepare for the contest by reading and answering safety questions. On February 12th the team flew to Sudbury for a three day "all expense" paid trip to compete against schools from Northern Ontario. They lost to a team from Sudbury, but felt that they had gained by the knowledge they had acquired.

This year's Reach for the Top team started work in December, spending many days after school, answering all kinds of questions to prepare themselves for their competition on Jan. 6. However, when the day arrived, they went up against Bayview Secondary, one of the best teams around, and lost.

All members of the team put forth a valiant effort, and represented King City very well.

# reunion committee

This year a committee was formed to start planning for King City Secondary School's very first reunion, a 25th anniversary celebration, to be held on a weekend early in August, 1986. The first job in planning for such an event is contacting all of our past students -- and over 25 years, that makes quite a few people! So, we have selected a representative for each graduating year to help us contact former students, and schedule events. In May, we held a meeting with these graduates, and we are now well into the planning stages. Among other things we hope to publish a book that will tell all about the history of KCSS.

We feel that this event will be very memorable, and we invite all students, past and present, to join us!

## archon

When I was first asked to join the Archon staff, my reaction was one of mixed emotions; however, the enthusiasm and creativity of the staff was contagious and I was soon entangled amongst mounds of photos and lay-out sheets, like everyone else!

Yearbooks are the result of a combined effort from many people, and this year's Archon is no exception. The whole staff has given up many hours after school to put the book together. We have laughed, cried, screamed, sulked, and struggled to meet deadlines, but I think I can speak for all of us when I say, "it was worth it!"

Although the Archon staff was not as large as in previous years, everyone put forth a tremendous effort—thanks gang! A special thanks must be given to Miss D. and Steve for spending countless hours doing all the jobs no one else wanted to do!

And finally, thank-you R.C.S.S.!  
 Remember, Archon is YOU!

# kelt 7.60

## Incredible cruising...

Cruising sailors take note of a departure in yacht design! Perhaps never before has a 25-footer been as ultimately engineered for cruising as the Kelt 7.60. Officially rated in Europe for North Channel crossings and "Med" cruising, the Kelt has an incredibly practical layout with unheard-of locker and bin space, uncluttered deck, single-handing capability, and the disposition of a 30-footer! Incredible Quality!

The Junior Girls' Basketball team had an enjoyable season. We worked very well together as a team, and were quite successful. We made it to the playoffs and unfortunately lost a close game. A special thanks to Mrs. Chavalevich and Mr. Shepherd for attempting to control us (unsuccessfully) and to Mrs. Macdonald for scoring for us.

# girls' & boys' BASKETBALL

This year's Senior Girls' Basketball Team played each game better as the season progressed. Although our number of wins were fewer than our losses, our number of close games were many. Remember girls - persevere with a positive attitude and "smile".

## midget

One of the more successful midget teams that King City has had in recent years compiled a league record of 11 wins and 3 losses and had an overall mark of 18 wins and 20 losses in tournament and exhibition games.

Our midgets finished the season in second place in the North Division in York Region, only 2 points out of first place.

Their most impressive and satisfying victory came on Feb. 6th at Sacred Heart, when the midget Lions pulled out a narrow 38-35 win over a team that had beaten them by 16 points a month earlier in King's own gym. This game was typical of many that the boys had this year, coming back in the closing moments of games to pull out a big victory.

Dave Fearon, Rob Craig and Tom Dicesan, the team captain, were chosen to go on to the annual All Star game. Dicesan was also chosen for the team's Most Valuable Player award, a well-deserved honour.

**Missing:** Jeff Miller, Brian Venner (Manager), John McDougall (Assistant Coach), Ken Stojanovic.

## junior

The King City Junior Lions Basketball Team had a perfect season with a record of 14 wins and 0 losses in regular season play. The team's record lasted all the way through the York Region and Georgian Bay Championship finals where the Lions continued their winning streak, capturing the title of Georgian Bay Champions. Their record 19-0!!!

They also won the King City Tournament with a convincing win over West Hill from Scarborough. The entire team deserves congratulations for such a fantastic season.

The grade 9 girls volleyball team participated in the regional tournament. They played well, finishing 3rd out of 12 teams. Special mention goes to Captain Nancy Bones, Stacey Sutherland for her wild spikes and to the serving trio of Jennifer, Debbie and Natalie. Coaches Sandra Mihan and Pam Spear would like to congratulate all of the girls on their fine effort—even when we were down by an unmentionable score they never gave up. A special thanks to Doctor Macdonald—practises wouldn't have been the same without you!

### Junior Soccer

If success of this year's junior soccer team were measured by the number of games, it won't be as successful as we would have liked to be. However, in terms of fun, excitement, exercise and development of new skills, we were extremely successful.

### Senior Soccer

The senior soccer team had a successful season with six wins, four losses and one tie, making it to the playoffs. Our manageress, Debbie Beatty managed to keep us organized except on the bus.

Coaches Campbell and White would like to thank the team for the plaque presented at the team get-together at the end of the season.

Approximately 35 students came out to the try-outs for the Junior Hockey Team this year. From that number, a team of 15 players was chosen to compete in the five team league. Our team finished the season in fourth place, just 7 points behind the league leading team from Sutton. Most games were really close and the difference between our being league leaders and being in fourth place was very small. In a sudden death semi-final game played with only 9 players against Sutton, (the eventual league champions), we were physically defeated, but we were not defeated in spirit.

# looking at K.C.S.S.

This year's school halls were filled with another bunch of "well dressed" students. Among this year's fashion trends was the ever popular Argyle from top to toe (including...socks!!!). Leather also made a reappearance this year as did those deadly Adidas bags. This year's musical trends also influenced our fashions: we saw Flashdance sweatshirts (or what was left of them), the Michael Jackson glove and Duran Duran T-shirts. The halls could have been a little quieter with those interesting plastic shoes, however the ghetto blasters and Sony Walkmans more than made up for the subdued sounds. Our resident new wave people gave us their version of this year's styles in clothes and hair. And, of course, who could forget Boy George?

# WHAT IS A FRIEND ?

*What is a friend? I'll tell you.*

*It is a person with whom you dare to be yourself.*

*Your soul can go naked with him.*

*He seems to ask you to put on nothing, only to be what you really are.*

*When you are with him, you do not have to be on your guard.*

*You can say what you think, so long as it is genuinely you.*

*He understands those contradictions in your nature that cause others to misjudge you.*

*With him you breathe freely--you can allow your little vanities and evils and absurdities and in opening them up to him they are dissolved on the white ocean of his loyalty.*

*He understands... You can weep with him, laugh with him, pray with him--through and underneath it all he sees, knows, and loves you.*

*A Friend... I repeat--is one with whom you dare to be yourself.*
