Merely, merely, merely, merely,

Welcome to the 2000 Archon.

KING CITY S.S. 2000

DAZED AND CONFUSED KING CAMP 1999

Rain, rain and more rain. The wet weather didn't stop anyone from having an amazing time at King Camp 1999!

This year's grade nines were the first ever to make the trip to Camp Robin Hood for three days of fun! Upon arrival at the camp, students were greeted with rain! That didn't stop anyone from

enjoying the "heated" pool, archery, rock climbing and so many more activities.

The grade nines are the first class to begin the "new curriculum", which means completing high-school in 4 years! At King Camp 1999, students were introduced to the TAP programme. In this

programme students are assigned a teacher and student advisor who will assist them throughout their high-school career. The 30 counsellors at the

camp were senior students, who eagerly participated in all the activities. "We loved the hula hoops!" agreed Lindsay and Mike.

Smilin' Through...

Julie and Carly were happy to stop and pose for the camera, during their busy day at camp.

Circle of Friends...

Friends stick together to keep warm.

Up the creek... Meghan, looks pretty confident out on the water.

Hoop Dreams... These boys show their moves on the basketball court.

Waterworld... This group had a blast just hanging out in the pool.

James Bond?

ing at camp.

Ryan gives his best
impression of

climbing wall.

**Now that's some high
quality H2O...** every-
one loved the pool,
even though it was a
bit chilly after the rain!

**King City's talent
never ends...** Anthony,
Jamie and Jeff show
off their incredible
balance and skill on
the mohawk walk.

Lunch Break...the
grade nines were
always ready to eat,
after a busy day of
activities at King
Camp. They munched
on hamburgers, pizza,
hotdogs, chips, pop
and all the fruit they
could eat!

**Girls just wanna have
fun...**Claire, Fay, Meghan and
Candice give us a smile.

It's a bird, it's a plane...it's
Mark, Jamie and Frankie, enjoy-
ing a rare moment of sunshine.

Rain or shine...this group is
always smiling.

Smile...you're on Candid Camera!

(you don't have to smile if you don't want to)

Have you ever wondered what that unidentifiable sound behind you was while you were walking down the hall? Have you ever been blinded by a bright flash and not seen its source? Do you want to know a secret? Those noises and flashes were members of the yearbook staff taking pictures of you while you didn't even know it. We were there when you walked out of the washroom with toilet paper sticking to your shoe. We were there when you left that piece of lettuce hanging from your mouth after lunch. We were there when you and that special someone thought you were alone. The moral of this story? Don't be surprised if you see yourself captured in your most vulnerable state at the most awkward time because after all.....it's our job.

Warning: the yearbook staff sincerely apologizes for any embarrassment which may occur during and /or following the viewing of these pictures!

THE QUOTES YOU DIDN'T EVEN KNOW YOU HAD!

1. "Am we vogue or what?"
"TOTALLY vogue!"
2. "Did you hear about Jimmy?"
"Yuh I did."
"Can I ask you something?"

The Lion King

KING CITY WAS ROCKING ON FRIDAY, NOVEMBER 25TH, FOR THE LAST pep-rally of the millennium! This year's rally was definitely one of King City's best ever!! The

whole school packed into the brand new gym, with the music pumping, court-test of our talented president, TJ!! Rowdy members of the leadership class and the student

athletic council got the crowd hyped up with green and gold spray painted suits, face paint and *lots of* spirit!! The entire school cheered on their teams, as the coaches gave high-

lights from the season! The King City spirit continued while supporting the senior boys basketball team's first game of the season, which also marked the grand opening of the gym!!

SUPERSTARS... CAMILLE AND AMANDA HELP HYPE UP THE CROWD WITH THE SPIRIT SQUADS AWESOME DANCE.

STRIKE A POSE... LAURIE IS ALWAYS READY TO SHOW OFF HER INCREDIBLE KING SPIRIT!!

HIGH FIVES AND GREEN HAIR... THE ENTIRE SCHOOL CHEERS ON THEIR SCHOOL TEAMS, AS THEY RUSH UP ONTO THE STAGE.

GREEN AND GOLD... THIS ENERGETIC GROUP GOES ALL OUT TO PUMP UP THE CROWD.

FACE PAINT AND A HELMET... IAN AND LEE ARE ALWAYS HAPPY TO STOP FOR A PICTURE.

BUST A MOVE... PAOLO SHOWS HIS SPIRIT BY SPELLING OUT K-I-N-G WITH HIS "BODY".

A LITTLE IMPROV... J.P. WILL DO ANYTHING TO SHOW HIS KING SPIRIT.

TEAM SPIRIT... THESE BOYS HAVE PLENTY TO CHEER ABOUT BEING 1999'S CENTRAL ONTARIO CHAMPIONS!!

KING CITY LIONS... KING'S LION IS ALWAYS HAPPY TO GET THE CROWD ROARING.

Silka, Steve and Jimmie show off their styles to all the King Jelling while wearing their track suits.

If you are looking for money or then you can almost bet that these two will be killed in the show just at the point.

Bobby finds that the best way to spend her lunch is with all her friends, hanging out at the point and getting a little bit of fun.

These people are still together throughout their lives, making it impossible for them to be apart.

Steve seems to be enjoying his point, but he's the last to know that he's the only person who can make the King Jelling show.

The Outsiders

Travelling a hundred
feet away from the
school was an everyday
task for most students.
There was no better
way to enjoy your spare
or lunch hour than to
walk on the doors of
King in the never ending

excitement of the plaza.
The plaza stood as the place
to escape from the reality of
school into a stress free
environment. When the
lunch bell rang at 11:00
crowds of students would
swarm out the doors of King
across the seagull infested

football field, to the
entertaining life in the plaza.
Here at the plaza students
could enjoy a cheesy slice of
pepperoni pizza and enjoy
some quality time with their
friends. The memories will
last for each student, as they
look across the field to the

almost death-like creature
that stands motionless and
empty. The life at King is
still exciting, but the
absence of the plaza leaves
an empty space in every
student.

Custom & John promise their photos
remain good for a lifetime or so. These
two students have the promise of one
another.

Lock and Chris are forever friends, but
when they are together they always
share a smile.

Nick is one of the longest standing in
the plaza. The plaza was as an escape
from the pressure of school in
the eyes of Nick.

You go girl! Erica, Melissa and
Christina have just happened and having
fun and enjoying the walkway get!

These girls always get a little bit of
a kick out of the plaza.

That was then, this is now. The
plaza and friends have been around for
the plaza.

Night of the Living Dead

"We all go a little mad sometimes."

Hallowe'en is a time when our school spirit shines. It is a time when every student's creativity and originality is able to be seen. Everyone got into the spirit of Hallowe'en this year. What was it like to walk down the halls of K.C.S.S. on October 31st? People were dressed up as everything from a Lego block to Ragidy Anne and Andy. Even the staff wowed us with their costume ideas. Laura Snider and James Lane decided

to come as Mimi and Drew from The Drew Carey Show. For their original and creative costumes they were awarded best costume. Thanks to the hard work and dedication of the Student Council members we were also able to have a Hallowe'en dance which turned out to be a great success. Many people were there dressed up and ready to dance. This has by far been the best Hallowe'en that K.C.S.S. has ever seen.

Goldilocks: Chris could only get paid for material blind, but the hat gives him away.

Below: Mrs. Belltho's costume is traditional. What is Hallowe'en without pumpkin?

Waiting in anticipation. These three girls are waiting to see who will be awarded best costume.

Above: Student Council is making sure this year's Hallowe'en dance will be a great success. Striking a pose. We couldn't figure out if Mr. Downer was trying to be Shakespeare or an ancient historian. Which ever it is his costume is definitely authentic.

Miranda: We had to look twice to make sure that this wasn't really Miranda. It's a chance to win best costume.

Belly of the ball: Looks like prince William will have a hard time choosing between Wendy and Pam.

Deadly duo: Even though Melinda and Dobby throw their enemies together at the last minute, they still managed to look great.

Spicing up your life: Men, Chlorides, Mr. T, and Mr. Kitcher are spicing up the halls of K.C.S.S.

Are you talkin' to me?: With his creation Zuck is definitely going to grab some attention.

DOUBLE TROUBLE

K.C.S.S. LOOK ALIKES

Have you ever been walking down the halls of King City Secondary School and thought that someone you passed looked like a celebrity? Or ever thought that the person sitting beside you in english class looked like one of your best friends or your favorite teacher? Well these are just a few of the people from around the school who resemble someone else, whether a friend, teacher or celebrity.

Miss Mitchell and Melissa MacKenzie got recognized as look a likes one day when Miss Mitchell was taking in for Melissa's english teacher.

It's Groovy Baby, Yeah! Melanie and Heather Graham are not related, but with their smashing good looks, they could be!

"Sister, Sister"... Sister? Stephanie Beckwithson could actually be Tia and Tamara Mowry's third!

Kristen Werry, Jasmine Davey and Nichole Organ are three of a kind. They sit together in biology and confuse people all the time about who's who!

We know that Veronica Graham looks just like Sarah McLaughlin, but can she sing?

Edison has been told he resembles Norm McDonald, probably because you can always find him with a smile on his face.

Is that Hope from "Days of Our Lives"? No. It's Miss Norgas, but if they ever need a stunt double, we know where to get one.

Who Knew K.C.S.S. Had Their Own Dawson's Creek?

ANDY

Can't Hardly Wait

Do you believe in fate? Even if you do, it can only take you so far. After that, it's up to you!

Geex: What to do with all this free time?

Look: I finally finished my English essay.

Um...: Are we going out for lunch or heading home after school?

Yo: Chris are you going to teach us some of your funky dance moves?

Tuned in: All of these guys are in tuned to their music.

Really: I didn't know that before!

Hum: A thing seems to be no distraction
Buddy: These three really know how to light up the camera
Hugs: or is that just a friendly tackle.
Look Up: to see Tim giving Hane a lift.
Me: Was that any hot me?
Hey: Come on guys you can't be that tired.

Every school has student life and ours is no exception. King City Secondary School students excel in style and class. We know exactly how to make everyday fun and interesting, whether it be during lunch or attending classes. Everyone of us is unique in his or her own way.

BODY ART

I learned about the birds and the bees from Freddy Noonan's tattoos!! These people have their own personal reasons why they got their tattoos!!!

There's Something About Jimmy...

MERRILY, MERRILY, MERRILY, MERRILY LIFE IS BUT A DREAM

What in the world could Jim Carrey have to do with King City S.S.? Since Jim Carrey was originally from Newmarket, Canada we have decided to use him because he is so close to home. On the first of November in 1995, Jim visited Mann's Chinese Theater and left a lasting impression: an imprint of his hands. Next to his hand prints he scripted the words.

"Merrily, merrily, merrily, merrily, life is but a dream." What a strange thing to write. The reason he chose these words is because Hollywood is where all of his dreams came true. To him Hollywood is a place of endless possibilities, a place where dreams and wishes are fulfilled. The Archon 2000's cover idea was inspired by Jim Carrey's inscription.

AND AS FOR THE REST...

Different movies and quotes were incorporated throughout our entire book to enforce the theme of this year's book: Hollywood. For each section, one movie was chosen that we thought best summarized the contents of that section. For the Student Life section, the famous eighties movie 'Ferris Bueller's Day Off' was chosen; for Academics, 'The Faculty';

for Community section 'Pleasantville'; and for Sports, 'Field of Dreams'. You'll also notice various movie quotes used in order to link King City Secondary School to its movies. Check out the Grads section where students share their views on their favourite movie actors and quotes. As you take a peek at our celebrity look-alikes and on almost every page, notice our intent to include a line from a movie. From the film of 'To Die For' with Nicole Kidman, to this year's yearbook, somewhere along the lines King City Secondary School will always have something to do with movies. After all, everyday you walk through these hallways you'll notice Romance, Comedy, Action, Suspense, Drama and just about every other genre that creeps its way into the lives of every student and teacher who's here at King.

"Okay, that's a wrap!"

I'M IN IT FOR LIFE

Four lives can be saved by donating one unit of blood. On December 3 1999 and February 9 2000, King City students gave the gift of life..

Helping to save the lives of leukemia patients and daredevils isn't a feat that most students can say they have done. Giving blood may seem insignificant to the eye of the donor, however a small amount can save up to four lives. K.C.S.S. students helped achieve this goal.

On December 3, 1999 K.C.S.S. collected 81 units of blood. While students gripped their friends hands in fear, somewhere in the world a baby was receiving a new blood supply. Thank you for your gift of life.

Angelo and Chris Volpe both have the style and charm to win any girl's heart.

Britt is a great big sister to her brother Dave, at home and even at school. He always seems to get a ride in her new Volkswagon Beetle.

Little Hayes does a good job of supporting his big sister Nichole!!

The Dominelli brothers don't mind hanging out at lunch together.

FULL HOUSE

Basketball Brothers....

These two tanned twins not only love each other but they love the game of B-Ball, YO!!!!

The big boyz from Nobleton don't look so tough now do they?

The Hardill bunch are not only family but also the best of friends.

Kerry and Sarah are very smart, they enjoy the band and many of school activities.

Friendship is a very beautiful thing that many will carry with them for a life time. These buddies at K.C.S.S. can be found together for the most, or part of their day. Whether it be wondering the halls, doing homework, or just hanging around, they always enjoy each other's company. For this page, we have wondered the halls and taken pictures of random best friends from around the school. These friends all showed a great deal of enthusiasm for having their picture taken. They wanted everyone to remember them as the ones who always stand by each other.

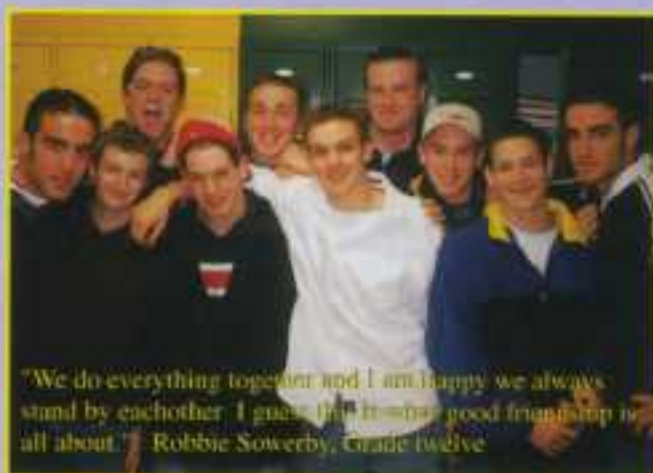

Galina and Lana are similar from their looks to their poses. It is difficult to tell these two apart!!

STAND BY ME

These OAC girls are full of smiles and laughter as they think about all the good times they have shared over the past 5 years of their high school career.

"We do everything together and I am happy we always stand by each other. I guess that is what good friendship is all about." Robbie Sowerby, Grade twelve

Even though we have lost and gained many friends over the years, Stef and Lauren always stick together." Lauren Lemello, OAC

Grade nine won't be as hard as it is for some kids, when you have good friends to put your feet up with!!

Boys: Grade 11 is one of the most fun years of high school and these boys agree to have lots of memories.

Robin and Mel not only live next door but both have the same interests when it comes to school spirit.

Same clothes, same height, it's no wonder Michelle and Lindsay are best friends.

King Dances Through Candyland @ Sem

On Friday, December 3, 1999 King students enjoyed an evening of dining and dancing at the hottest place in town, DiNardo's Banquet Hall. Both the guys and the girls looked 'to die for'. Even though the food would have been better, the music was amazing. The carefully placed candy table centres, in addition to the large candy canes in the entrance made for an outstanding and enjoyable decor. Many teachers also attended the Friday night bash and commented that they too had had a great time. Candyland provided many with memories for a lifetime.

Are they really in grade 10? Natalie, Leigh, Mark, Colin and Lindsay all look like they're having lots of fun in their very spiffy new attire.

Cute as can be. Look at Ms. McLaughlin and Ms. Thompson look so lovely dancing all dressed up. They look like they're having a ball, almost as if the students weren't over them.

Last year @ King, Marissa and Mike are both D&H students enjoying their last King City semi-formal. Hope Candyland was everything that you dreamed of.

Happily ever after. Jim and Ellen look fabulous together. They are one of King's most famous couples and they did an awesome job of showing that off at the event.

***Mr. Kat.** Steve shows his extreme courage by sporting this traditional feather cap. I think we'll declare this fashion statement as...*

***The four musketeers.** Jo, Laura, Alison, and Janet, all members of the student council, finally get to enjoy the night they spent so long preparing for. Well done!*

***Students.** I think not... it's true that it is difficult to distinguish Mr. Mitchell and Mr. Strachan from the rest of the students at King, but we made it harder.*

***Did you see that?** In this day, no one really is sure about what Mr. Curdson was pointing at, but it must have been something because check out the expression on his face.*

***Best friends forever.** Jacqueline and Rustie pose for a quick picture. They don't want to be kept too long because they don't want to miss a thing. If anyone wants to know where the party is, just find one of them and they'll point you in the right direction.*

***What a way to end the day.** Jack, Sharon, and Darling all had a really good time in Cowdrey and wanted to prove it by flashing a smile towards the Ashes (see).*

King's Runway

The King City hallways become a runway, as the students wearing the latest fashion craze strut their stuff. Each generation has developed some unique styles. From tie-die shirts and flower power, to Tommy Hilfiger and Nike, fashion has come a long way. Fashion is a way for people to express their personality and style. The students at K.C.S.S show it better than any other school. Here are some students that we are proud to call our own...

Right: Here we have Lee, Mohsen, John, Corey, and Shawn showing us there stuff. Looking good guys.

Above: John, Dean, and Andre strut their stuff during the lunch hour on the way to the plaza.

Above: Mat D'Angelo has a style of his own. His retro look deserves a position in a 70's movie.

Above: Jenna, Steph, and Amanda show us their beautiful smiles. They are perfect for the King's Runway.

"Look at me...I'm dead sexy!" - Austin Powers

Left: Sabrina, Lucy, Nicole, Vanessa, and Jessica try their best to make the fashion page. Good job ladies!

Far left: Here is Mike with the leather trend throughout the halls of King. It shows our uniqueness and diversity.

Left: Here we see Al, Jamie, Rory, Leigh, Jeff, and Guy posing for the cover of a GQ magazine. Good work guys.

Left: Scottie, Ben, Robbie, Jesse, and Jesse are pulling off the calm, cool, and collected look to impress the ladies.

Far Left: Jessie and Mariangela are two of the many fashion conscious ladies at K.C.S.S strutting their stuff throughout the halls.

Remember When.....

When you See my mother, tell her I stayed with the only brothers I had left.

*In Flanders Fields
In Flanders fields the poppies blow
Between the crosses, row on row
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.*

*We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.*

*Take up our quarrel with the foe:
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.*

The Nightmare before Christmas

Every year we students at King City look forward to the ever humorous OAC Christmas assembly. The assembly always brings out the best in our OAC's acting ability. This years assembly was one of the best. It was filled with high points one of which being Mr. Bockneck's Kung Fu dancing. It can't possibly get any better.

We are the world! Does anybody regret saying that the children are our future? I know I do!

And these people are supposed to teach us???!!!

King City's support staff deserve just as much recognition for all their hard work as any other part of "The Faculty". They always give one hundred and ten percent and even make time to smile at the familiar faces they encounter around KCSS. The cafeteria's Egg McMuffin breakfasts are just what students and teachers need to start their day. Don't forget the unexpected findings of an empty locker when you've forgotten to put your lock back on! From early morning breakfasts consisting of three-for-a-dollar chocolate chip cookies, to cleaning up the crumbs, King City's cafeteria workers and custodians work hand in hand to cater to our hunger pains and make this place more sanitary.

Anne has quite a familiar face, she's always a pleasure to run into in the halls.

After lunch, our custodians work extra hard to make the cafeteria floor clean enough to eat off.

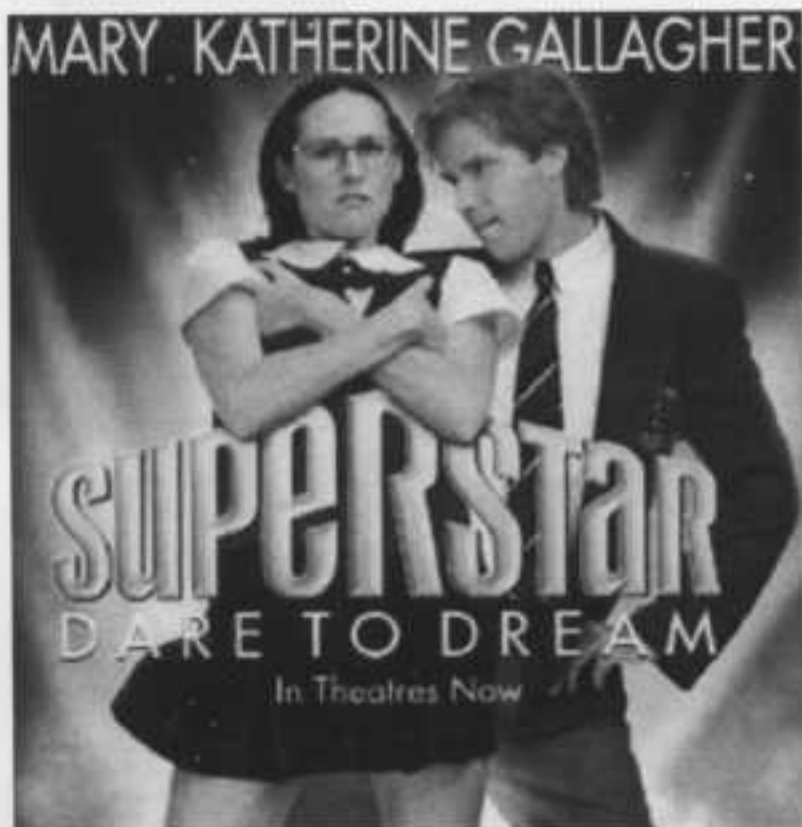

Our friend Onyina takes time out to make friends with students such as Nicole.

If school were a

without them.
Thanks to all the

their long hours and
hard work.

There's Something About Grade Nine

Entering the theatre of high school is not always as traumatic as they imagined. The camera will be rolling for the next four years. Grade nine's have to start working now to keep up with their work load.

Why is it that we always remember grade nine as being the best year of high school? Maybe because it is the year you meet many lifelong friends, gain an experience of a lifetime, and learn to take on more respon-

sibilities than ever before.

King makes grade nine a memorable year by providing opportunities like ROC-KING Camp and the TAP program. With a variety of new sports, clubs, and teams to choose from, hopefully the grade nine's will be too busy to get into trouble.

Always ready for a good time, this group of grade nine guys says their first high school party experience: King style!

The Never Ending Story

Entering grade ten is one of the best feelings ever. Finally you're no longer considered a minor niner and you are working your way up the ladder, but you have to watch your step.

Being one year older, you now have a little more responsibility, but with that responsibility comes freedom. You now have the freedom to choose courses you enjoy. These courses will help pave the path to your future, no matter what

that may be.

Last year you met with hundreds of other students, creating new friendships and new experiences. You can now walk the halls with confidence, always able to spot a familiar face. The friendships you have made will only grow stronger and the memories you make will last you a lifetime.

Showing their love, Andrew, Jimmy and Warren can always be found together.

Remember us? Michelle, Steve and Timon were the paper-stuff for Zardynskill's day. As grade 8 and 10 students, they played their part in the assembly in November 1988. Just for fun.

Forus or Not For him? I guess he looks pretty confident to let their FUTURE! Besides, King City again was great this year to everyone deserves a round of applause just for being part of it all.

Message time. Lunch time is a time to eat, have a break, and get a message. GET A MESSAGE! Who wants to let that the girl in the end does the winner short answer for his question?

Three peas in a pod. The three Kinsmen. Three in company, and we say them. Best friends are a life time of memories.

There seems to be the popular number here, and it would well fit Yairon's pattern too. What a coincidence.

Anywhere But Here

Grade 11 heaven

Spare! Finally you have a chance to catch up on all your friends! Er, homework. Grade 11 is truly the best of both worlds: you're no longer the rookie and everyone can exercise their new title of "a senior".

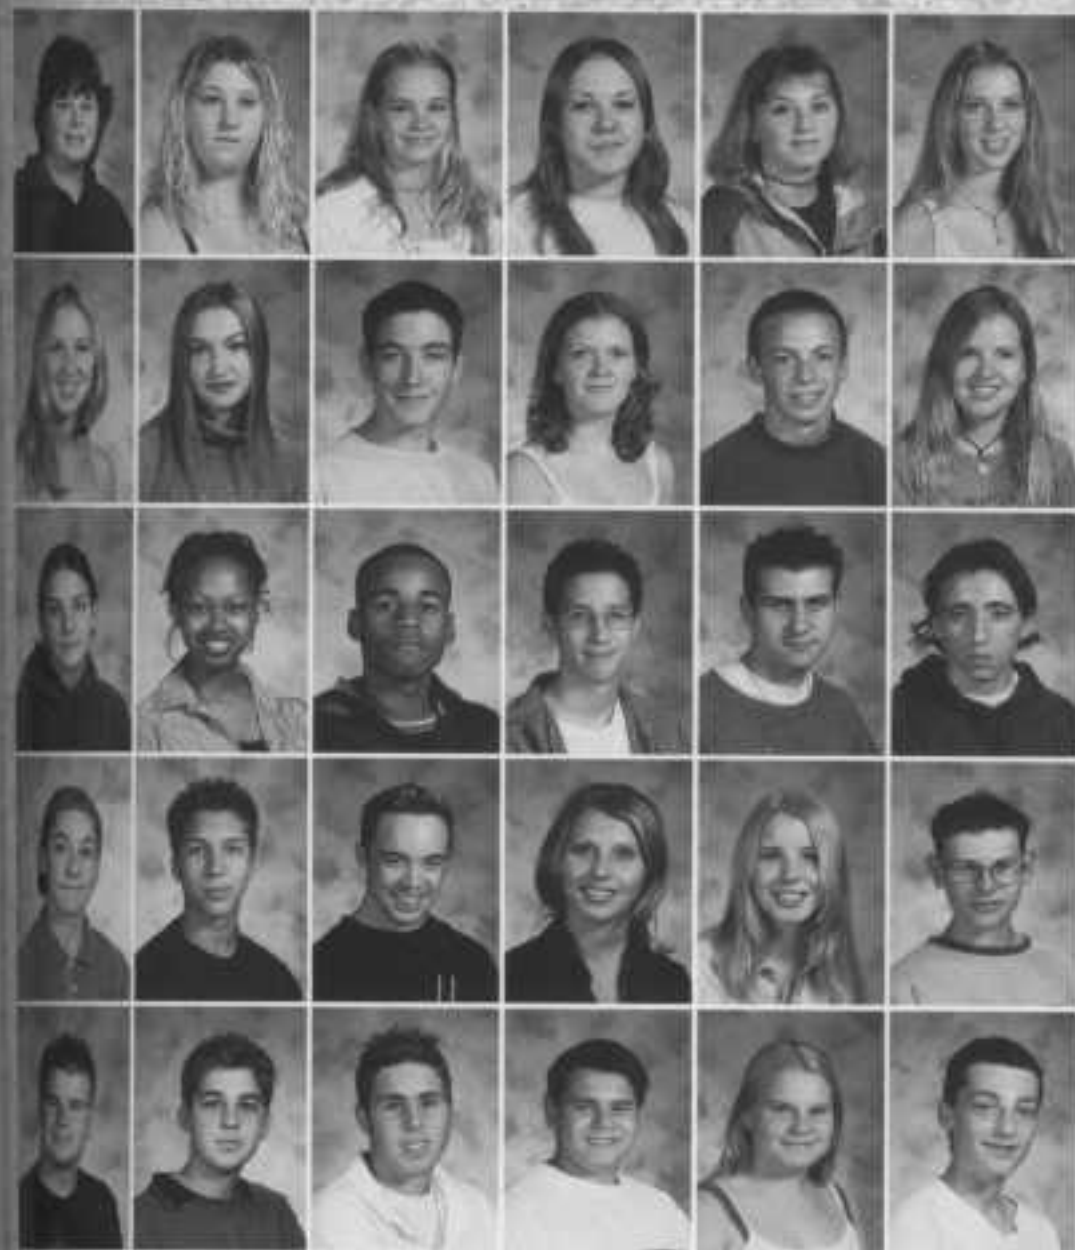

Yep, this was the year when REAL memories were made. Some ventured into new relationships or challenging after-school jobs. You could finally join the SENIOR boys baseball team and play ball with the real MEN.

The friends we met in grade nine were more acquaintances compared to the inseparable friends we've met this year.

Indeed, we're only half way to the end and at the same time, barely even begun.

Good luck next year, grade elevens. It's a tough one but full of smiles.

Managing to smile through the stress of grade eleven, Nikki Cardoni can always be found laughing in the halls between classes.

This group of grade elevens can always be found together. Paolo tries to fool his friends by working hard, but Michelle and Colin see right through his act.

Chris Volpe didn't exactly show his school spirit by dressing in green and gold, but he was found wandering around with the painter people.

Scrutinizing their stuff, the junior girls basketball team takes the stage at Pep Rally. These girls all manage to stay on top of their work and participate in various school activities.

Slacking off in computers class, these two go exploring on the internet. We don't know exactly what they are doing, but they seem to be having fun.

Watching the Cuf Inn at lunch, these grade elevens cheer TJ on as he performs for us. With a few enthusiastic dancers, the crowd cheered the group on.

Reality Bites

Keeping it together, Johnson tries to focus in class as Melissa tries her best to distract her.

Taking the time to help his friends in French, Scott reads to Russ and Sandra.

Grade Twelve Monkeys

*Twelve Angry Men, Twelve Deadly Sins, Twelve Days of Christmas and Twelves of Ring City. Anyway you look at it, twelve is the crucial number, the crucial stage in your high school career. Missing a day seems like missing a week. The future hangs over our heads a little too close for comfort. Although it is a stage of life-changing decision making and **HUGE** responsibility, we can find relief in going out with friends and kicking back. While learning so much about the world, we also learn that it is only a reflection of*

ourselves and our attitudes. Which ever road we decide to travel will make all the difference in our success, but the road to get there sure passes quickly. Younger students seem to get further away while application deadlines seem closer. What a thrill...

Sticking it out: Tasha and Rachel the night in drama while Phil tries to get a few ideas from her and Rory works on his own version.

And what am I supposed to do while you're on a yellow-brick quest for a brain?... I always thought the point of education was to learn to think for yourself.... No matter what anybody tells you, words and ideas can change the world.... The meek may inherit the earth, but they don't get into Harvard... Today we're going to be talking about William Shakespeare. Yes, I know, most of you probably look forward to this about as much as you look forward to root canal work... I'm gonna kill the kid with the gum!!... He who idles when he's young will have nothing when he's old.... If you are reluctant to ask the way, you will be lost... The world seldom notices who teachers are, but civilization depends on what

The Faculty

they do and what they say... The true object of education should be to train one to think clearly and act rightly... Education can't make us all leaders- but it can teach us which leaders to follow... The greater the land of knowledge, the longer the shoreline of wonder... Every child is an artist. The problem is how to remain an artist once he grows up... The object of education is to prepare the young to educate themselves throughout their lives... The one real object of education is to have a man in the condition of continually asking questions... Education is not filling a bucket, but lighting a fire... You can teach a lesson for a day, but if you teach curiosity, you teach for a lifetime...

Stef and Jeannette try to stay focused.

Robin never gives up. She always puts forth 100% everyday.

Hey T.J., smile for the camera!

No matter how busy Kel is, she can always pose for a quick shot.

What are these three up to now? Trouble again, no doubt.

A huge thanks to Ms. Mitchele.

Colleen and Jill chill for a bit.

1999-00 Journalism class.

Jeannette Pontiero... You may have noticed some of us running around with cameras trying to capture each and every aspect of K.C.S.S. From sports teams and clubs to special events, we have it all. We can't forget to thank Ms. Michele and our peer tutor, Robin. Without them we probably wouldn't have a yearbook! We hope that this yearbook is everything you expected.

Jen Belanger... It certainly was a tough project, especially to complete under strict deadlines and long hours. At times I felt disorganized when things weren't being done. Showing up to class every morning, I came to discover a routine. Get to class, toss down your books, head to the computers. I would have liked to play a more active role and I think others would have liked to feel more like a team. I am relieved that the yearbook is complete.

Roberto D'Ulisse... I thought that we could have worked harder at the beginning of the year, where the yearbook wasn't our main focus. Although we did try, I don't feel my classmates and myself tried as hard as they could have, in order to have met deadlines. I hope you all appreciate and enjoy the yearbook!

Bobby Pitoscia... I hope you appreciate the hard work and determination that was involved in producing this year's yearbook. Believe me guys, it is not as easy as it seems! Special thanks to Ms. Michele and Robin for all of their extra time and effort.

Jami-Lee Greenshields... I learned the true meaning of stress and responsibility through this class. It was a lot of work, but still a great experience.

Stephanie Brienza... The 2000 Archon definitely was not what we had expected. Hope you're reading in June, if not Happy Halloween.

Victoria Warburton... For me, this class has been about completing a list of tasks, most of which had a deadline. It's been worries, it's been pressures, it's been stress, it's been frustrating, but it's also been a really great experience. This class has really helped me improve on my organizational skills and it has taught me how to perfect my work. A lot of the time you are doing work on your own, where you have to make decisions and you have to deal with your time accordingly. If you are getting behind, you have to find time in your schedule to get the work done. I have enjoyed the class and I know that it has benefited me and will continue to benefit me in the future!

Jill Barry... The 2000 yearbook has been an interesting experience. I have had fun and stressful times putting this yearbook together. I would really recommend this class to anyone for next year.

Jen Hill... Coming into Journalism, I didn't know anything about taking pictures or creating layouts. Learning to be able to put together a page and to be able to fix problems, when they occur, was very challenging. Despite the stressful and tough times, I don't regret taking the class because it feels good to be able to know I was apart of the yearbook. I'm also very grateful towards Ms. Michele and Robin for helping me out when I had a problem or even just giving me advice.

Chris Cardoni... During the course of the year we've all worked fairly hard to complete this year's yearbook. Although at times it was hard to stay focused, I believe that we were a hard working group. I would like to thank Ms. Michele, Robin, and Nichola, because without their help, this year's yearbook would not have been completed. THANKS!

Steph Laposta... Journalism has been quite an excursion, from articles to the horror of approaching strangers to take their pictures, this has proved to be a time-consuming course. On the other hand, being one of the people who formed this compilation of memories has been an honour.

Colleen Forbes... I believe that the journalism course is an excellent course to take while you are at K.C.S.S. It not only teaches you how to create a yearbook, but at the same time it teaches you organization skills, how to meet deadlines, how to perfect work, how to deal with stress, and most importantly how to work together and work as a team. Although at times it felt like we were never going to finish the book, we all stuck together and I especially think we all owe a special thanks to Ms. Michele. Without her hard work and determination the yearbook would not have happened! I hope you all enjoy!

Kelly Ballance... Although the journalism class takes plenty of time, hardwork, and dedication, it is all worth it when the yearbook is finished. It is a great feeling when you can see your finished work and knowing it will be shared and admired by the rest of the school. It makes it all worth it!

Rob Hanlon... This year's class was a new experience. The class didn't go as I hoped it would. I hoped there would have been more of an effort put forward into getting our deadlines met. It was fun though. There were a lot of times I actually looked forward to coming to class, but there were also days when I was glad we didn't have class. I was glad to be in this class, it feels good to know that I helped make K.C.S.S.'s yearbook. I hope that what we have accomplished this year will be appreciated by the school. We worked real hard so enjoy.

Gurtej Hunjan... I've definitely had fun, but I have definitely learned a lot too. I've learned that without time management and team work, nothing can happen.

Ms. Michele... Congratulations on a job well done! You should be very proud of yourselves and of the work you published. Even though there were days when I felt like pulling out my hair, hopefully all of you realize how much admiration I have for each and every one of you. "Seize the day. Make your lives extraordinary."

Chantel Dias... It's a very fast paced class, you need to be ready and organized to take on the work & due-dates. Coming into every class your mind must always be set to the task on hand. The hardest part about the yearbook was being able to have the job completed and perfected for the due-dates. Creating the yearbook involves a lot of running around and hours in front of the computer.

Cindy Dunlop... Well it is finally happened, we have finished the yearbook. At times it felt so disorganized, but by some magical force we managed to get it all done. This class is definitely a class. I will remember always.

Melanie Bernardi... I guess I have enjoyed the experience on a whole because I found I really enjoyed working with the layouts and the organization of the pages. If I had to complain of only one thing it would be the stress! Oh the stress! Before I was actually involved in the making of a yearbook, I always assumed it was a tedious procedure, but none the less a simple one. I now know the time and dedication it takes to complete a high school yearbook and I can only hope that my fellow students will appreciate the final product that was created this year.

Ashley Hardill... The journalism class is an amazing course that not only teaches you how to design a yearbook, but also teaches students time management, quick decision-making, and other great learnable characteristics. I really believe that this class is a great experience for any reliable, hardworking student. Overall this class has had a great impact on myself and many others.

Robin Wilbur... As a peer helper in the class, I've had the chance to work with a great group. They really came together in the end and made a great book. Despite the stress, it was still fun. Ms. Michele- thank you for everything, it was great working with you and you did an amazing job. Good luck next year!

Mr. Euzon
You may have noticed King City Secondary School's students have great spirit. *You are one of the greatest teachers that I have ever had.* Whether they prove it through showing up at every game, and *that's a great time.* And don't you dare forget they are cheering so loud, or every team member being dedicated to every game and practice in rain or shine, *me because if you do well I don't know but don't forget. OK come back* King City students prove that our school is the best. This year has been very successful for every team at K.C.S.S. Our senior boys football team did the ultimate this year and won the York Region championship. The player's dedication, and of course the fans cheering them on all the way through, made this a great year. Keep it up King City.

Field of Dreams

Clubs, Clubs, Clubs, Basketball, Badminton, snowboarding, Volleyball, Skiing, Archery, Soccer, Ultimate Frisbee, Golf, Baseball, Swimming, Hockey, Track and Field, Field Hockey, Rugby, and Lacrosse are all played King City style. The midget boys basketball team made it to the finals and won the silver medal in style. The stylish skiing team soared down the slopes making it all the way to OFSSA, and placed in the top five. All of the K.C.S.S' teams win in the fan's hearts and of course thanks to the coaches for their leadership and devotion to King.

Student Council

a dynamic group of individuals

Kristy Cork (Honorary member), Mike Dilorio (Treasurer), Gurtej Hunjan (President) Kylie Tiberia (Social Convenor), Marisa Caple (Secretary), Ms. Michele, Laurie Suraski (Vice President), Lauren Ierullo (Parent teacher liason), Mrs. Duncan, Michelle Fantauzzi, Anne Swift (OSSSA), Alison Parisi (SAC)

If you're looking for a group with a huge amount of responsibility, your search is over! Student Council members are responsible for organizing semi-formal dances, pep rallies, guest speakers and any other special events. This bright group of students spends long hours planning exciting activities for students. With a council so well put together, what more could a school ask for? President Gurtej Hunjan claims that the group's success is based on their ability to bring all of their ideas together. Not bad ideas at that.

V.I.P

Volunteer Informative Program

Kristina Juhunan, Gabbie Mondelli, Sandra D'Arpino, Verena Pfeiffer, Katarina Gram, Mrs. Scully, Nicole Pereira, Sarah Thom, Colleen Ross, Michelle Fantauzzi, Glen Ferguson, Laura Emmett.

This year a spirited team of volunteers reached for the top by donating hours and hours of their time on top of after-school jobs and homework. Mrs. Scully should be thanked for making this group possible. She reports on the group, "As the staff advisor for V.I.P. I am very pleased at the turnout of both male and female volunteers and with their commitment and dedication towards any volunteer project that they took on. Colleen Ross, Laura Emmett, Sarah Thom and Jen Belanger need to be especially recognized for their leadership roles."

Hillary Blackett, Thomas Knowles, Luis Scully, Chrissie Hamilton, Gord Sauve, Mr. Downer, Thi Thi Tran
Absent: Rea McNamara

You can always find the cross country team trying something unusual such as Commando runs. No, this group doesn't run in their birthday suits, just through unfamiliar trails of rocky hills and smooth grass. When asked of how coach, Mr. Downer, would rate the success of the team, he claimed that the experienced runners, Gord Sauve and Chrissie Hamilton, were terrific role models for the less experienced runners. Veteran runner, Gord Sauve placed fifth in York Region last October to place an impressive 112th out of 300 at OFSAA.

King Street

...write of way

Rebekah Hayhoe, Chantel Dian, Crystal Anderson, Denise Clayton, Sarah Thom, Glen Ferguson, Jen Belanger

The staff at King Street, the school newspaper, got off to a slow start this year, with their first issue coming out in March. Nonetheless, the members should be congratulated on their excellent creative writing skills in poetry and articles. Editor, Jen Belanger would like to thank all the reporters and teachers who made King Street possible this year and the co-operation of all the staff. Keep on writing, and standing up for what you believe in.

The 1999 year was a season of new beginnings for the King City Girl's Field Hockey team. After missing last years season, the girls came out strong with a brand new team, with the exception of three 'oldies'. The rookie team put up a good fight throughout the season but, unfortunately, came up short in the end. Still the new team has incredible skill and talent and shows great promise for next year. Keep up the good work girls!

This year marked the return of The Spirit Squad (a.k.a cheerleading). This energetic group was organized by three dedicated ladies Pam, Nichole and Tammy. Being the year 2000, the girls decided that all teams male or female should receive the same 'spirited' support from the sidelines. So the group stuck out the cold and rain during football, field hockey, basketball and put on a fabulous show at the annual pep rally. No matter what team was playing, you could always count on seeing and hearing these girls dance and cheer.

The King City girl's struck gold...again! For their 3rd year in a row this talented team is headed off to OFSAA. This season the girl's took Craighleith by storm and never let down on the pressure. They came in 1st place at the King City Invitational and they didn't stop there, they went on to place 1st at the Westmount Invitational. So it came as no surprise that these ladies would end their spectacular season with a bang, snagging 1st and 2nd place at the York Region finals and 1st place times for individual skiers Danielle and Katie.

Throughout the season the boys competed well at the King City Invitational and at the Westmount Invitational. This group of girls loves speed and the entire team placed incredibly well throughout all of their meets. They always came out on top! They ended the season with style winning the York Region championships. Katie Lane also came out on top as an individual boarder and will advance to the nationals in Quebec. Great season ladies!

Jodi Hofmeister, Anna Swift, Jessica Bartram, Gordon Fogg, Marianne Pappas, Ross Tubb, Jackie Hawes, Dave Jamma, Dan Mooney, Mr. Valeda, Laura Emmett, Colleen Ross, Hilary Sutherland, Mrs. Smith.

The Environmental Club is now officially called In-Terra Action. A spark of interest for the club started in 1997 with the solar panel project and has boomed since then. As the new title says, the club has completed many Earth Action projects, making us a Green School. Some projects include a booth and float at the Schomberg Fair, a booth at both the Woodbridge and Aurora Fair and tree and garden planting. The York District School Board also recognized KCSS with an Environmental Award in 1998. The club's ultimate goal is to complete 1000 action projects, which only two schools in Canada have achieved. The future looks promising for this enthusiastic group!

Solar Pond Crew

...powering the pathway to tomorrow

Ross Tubb, Gordon Fogg, Mr. Valeda, Marianne Pappas, Jessica Puccia, Jackie Hawes

This year the Solar Pond Power Crew went through great lengths to complete the pond outside in the courtyard. As you can see in the photos above, it sure was a lot of planning, digging, planting and lifting. While the pond was completed last spring, the crew still maintains the pond by keeping a close eye on it. Mr. Valeda should be especially thanked for helping out as well as all the students who took part in adding a touch of beauty to our school. The crew experienced some difficulty in the summer when the pond nearly dried out from the summer heat. Fortunately, it was monitored over the holiday by teachers and students. Thanks for the hard work, crew!!

After a lapse of one year (due to the strike), the junior football team really had to work hard in order to get back the King City spirit, but with this year's strong team they had no problems. The team showed tremendous dedication giving K.C.S.S. hope for our stars of the future. The wonderful coaching by Mr. Ellison and Mr. Bower was greatly appreciated as was the support from Rev. George Elliot. Without these three men, the players would not have the knowledge and love for the game to carry on King City's traditional goal of being the football champions of York Region.

The team completely dominated the league. They first beat Markham, to win the York Region Championships. Next they went up against Barrie Central at York University. It was an impressive game, with many fans from King showing support and cheering their team on. The seniors went on to win the electrifying game becoming the Central Bowl Ontario Champions. King City Secondary School was extremely proud of the team and they will always be remembered. Thanks for a spectacular season boys!!

This year there almost wasn't a Senior Football team. The deadline was fast approaching to put in teams, and they still didn't have a coach. Thankfully one of the player's mother's stepped in and managed to get the services of Greg Clark, a former student here at K.C.S.S. Mr. Clark took the reigns and marched the team forward and they never looked back. With many after school and weekend practises, the team quickly became a strategic group of tough, hard hitting, quick thinking, football players.

We all know how nice everyone looks when they pose for a club photo, but wouldn't it be nice to see these people when they don't know they're the subjects of the photo's. If you've looked at all of the club photo's carefully then you should be able to pick out which club people belong to, but if you haven't now is a good time to look again from the beginning. HAVE FUN! (If you've slammed the book shut in frustration that you've missed out on this exciting activity because you didn't look at the pictures carefully then my work here is done!)

While in school the members of R.O.C.K. (Christian Fellowship) act very responsibly and are quite the model students. Events are discussed and the group has a chance to talk about the Christian Religion and the bible.

But, as one can see below this type of behavior is completely discarded on the weekend and all is let loose!

R.O.C.K. otherwise known as Interscholastic Christian Fellowship is a small group of students that participates in open discussions, movies, snack days and singing. All different viewpoints are encouraged and listened to with an open mind. Even though the meetings are held in the room 90, the room located farthest from anything else in the school, the doors are always open to welcome others.

The Senior Girls' enjoyed a better season than the Midgets and Juniors since they were successful in making the play-offs. They had many team leaders and strong role players which kept them focused and motivated. Unfortunately they were unable to make it past the first round of play-off competition. The Midget Boys' basketball team had a very strong and committed team which resulted in a great season. They ended the season with a 17-5 record and they soon became the YRAA Finalists. As if that wasn't enough, they were champions at the Huron Heights Tournament. This team comprised a group of individuals committed not to winning but to learning. "We soared together, we fell together... Regardless of the outcome, we did it... Together." - Coaches. Thanks to Mr. Gould and Mr. Cavaliere for their fine coaching and great success.

Junior Boys' Basketball

...the air up there

Junior Boys' basketball was a success this year as they finished at the top of the league. They ended their season with eight wins and one loss. This team had great overall skill and athleticism which carried this team to the top. This team had both leaders and team players which is the combination for victory. They all had a taste of that. Thanks to Mr. Ellison for his time, knowledge, and leadership which truly made a difference in the boys' season.

The senior's basketball season was also quite successful. They finished their season in third place with a record of nine wins and five losses. This team was made up of many grade 12's which will result in a very strong team next year, as they make their way into OAC season. Special thanks to Mr. Johnson for his energizing-pylon practices and hard work which insured the boys a first round loss in the playoffs. Better luck next year guys.

The Junior Boys' Soccer team represented themselves as a very talented and promising team. They put all of their effort and skills in each and every game, even though their season wasn't as successful as planned. They look like a promising group that can continue the winning tradition of the King City Lions. Special thanks to helpers and fans that cheered the boys on. Mr. Cavaliere did a great job and promises success in future years. Good luck boys.

The Senior Boys' Soccer team had many promising and talented players, yet they weren't as successful as they hoped they would be. This team had great all around skills but were unable to come together to finish the job. They were repetitive to win the championship. From good goaltending to strong goal scoring, they had it all but fell a bit short. Special thanks to Mr. Lalas for his fine coaching and dedication.

Every year, King City puts on a production that stuns audiences. This year we have the honor of hosting three productions titled: "The Bathroom Door", "The Cuckoo's Nest" and "Final Dress Rehearsal". Like every year these productions wouldn't be possible without the leadership and guidance of Mrs. Wells and Mr. Lubin. The level of talent involved with this year's play is sure to one day turn some heads in Hollywood. We mustn't forget that any production would not be possible without the stage crew who work just as hard as the cast to make sure the lights are perfect and the sound is sensational.

Like most sophomore to senior students you've probably wondered, "What in the world is TAP?" Well, TAP stands for Teacher Advisory Program, a new program that is part of the Ontario Secondary School Reform that has been implemented this year. The TAP mentors are senior students who help guide nine students with any sort of life problems or concerns they may have. "Tap Mentors" assist with this new program by talking to students in group sessions and help them get used to their new environment. At the beginning of the year TAP mentors went with grade nine students to Camp Robin Hood. This annual getaway provided the perfect environment for the grade nines to meet friends and experience the joys of post-secondary adolescents, and it wouldn't have been possible without the guidance and care of the TAP mentors. Hats off to everyone involved for doing something so beneficial.

Throughout the ages, as persons skill and wisdom was based on how accurately they shot an arrow. This year's archery team is no exception. The cream of the crop has been chosen from many to represent our school in an ancient, yet exciting art. With the guidance of Mr. Vukobratovic the archery team casts its dominating shadow on the competition and sure to prove that the staff and students of King City are a powerful force not to be reckoned with. Remember, if you see the team practising don't walk in their line of fire!

Names: R. Diaco, L. Burgess, K. Graham, L. England, L. Elliot,
Absent: L. Snider, C. Dunlop, C. Dias & thank you to everyone else who was involved.

Angel Tree is an organization that is dedicated to bringing awareness to, and helping out, underprivileged children during the holiday season. "People have to realize that not everybody has a bright Christmas. There are those who won't wake up to presents under the tree and we want to make sure they do." Angel Tree works in affiliation with The Salvation Army and by collecting gifts from generous students, they make Christmas for many children very special. It's nice to know that the student of King City contribute to their community in any way they can. EVERYONE INVOLVED SHOULD BE PROUD!

This year our midget girls' volleyball team had a great time learning the basic skills of the game and representing King City Secondary School for their first time. With excellent coaching by Ms. Kelson and Angela Eliopoulos, the girls learned good volleyball skills and excellent sportsmanship. The team had a blast all of the time, Kristine Tran and Stephanie Beckhuysen said "The season was fun, always remember Booyah girls!". These girls have real potential to take the footsteps of our great junior and senior teams to stardom.

Junior Volleyball

Our junior volleyball team had a great season this year. Not only did they play their best all the time, but they had fun too. With Ms. Michele as head coach and James "Tim Bit" Parisi and Lee Taylor as assistant coaches, the team learned new skills and got help in improving their game. They also learned to play as a team with sportsmanship. Ms. Michele said "The team had a fun season. With the brilliant coaching of Lee and James, the team played some stellar games."

Senior Volleyball

This season, Mrs. Bolitho's senior volleyball team really shined. Their outstanding performance led the team to a top finishing position overall in the season. The girls put a lot of hard work and effort into each and every game, showing us what exceptional King City spirit they have! The team also set a great example for our juniors, giving them a challenge to be just as good next year. This team not only worked hard, but had a great time too! They showed everyone how much fun the super star senior volleyball team has and what great athletes we have here at K.C.S.S.

Golf

...swinging into action

Team: Back (L-R) Anthony Trupca, Steve Reid, Jodie Passer, Mike Thompson, Brendan Hayes, Ms. Horak. **Front (L-R)** Tommy Fong, Clay Castoff. **Missing:** Ian Anderson, Scott Baldwin, Billy Counter, Chris Mumford, Jesse Schuck, Scott Tiffin, Virginia Dufresne.

Middle: The crowd goes wild for the team at pep rally! **Bottom left:** Virginia Dufresne shows off her medal from the York Region golf tournament. **Right:** Jodie Passer's swing is top flight!

Ms. Horak had no trouble getting this team back into swing after a lapse of one year! There was an enormous turn out this year for the tryouts, and Ms. Horak feels that "tremendous interest is there." Only 14 players of the large group were chosen and of that group Virginia Dufresne, a Belgium exchange student, placed 2nd in the York Region Tournament. Jodie Passer, the team's top female, came 1st in the individual senior ladies. Scott Baldwin also competed at the final and was the team's top senior male golfer. They represented K.C.S.S well and next year will hopefully still be a strong team!

Boy's Baseball

major league

Just Chillin' - Waiting for a chance to get into the game, either that or waiting to bust out of his corner.

What a Hit! - That ball is gone and it ain't coming back.

Don't worry boys we'll get them this year!

The season ended in June at the Skydome with a disappointing loss to the eventual Prentice Cup champions, Brampton Centennial S.S. Along the way, however, the Lions experienced a wild, roller coaster season. The like of which neither coach, Mr. Ellison or Mr. Mallory, could remember experiencing for a long time.

The team cruised through the regular season without losing a single game. The Lions were led by the outstanding pitching of Ian Anderson and Brandon Veenstra. The team faced Aurora in the semi-finals, which featured the ever popular dual between the Veenstra brothers. King City held on to win, and advanced to the Regional finals against perennial powerhouse, Thornlea. The final score was 1 - 0. Thornlea was our only speedbump on the road to the finals.

Enter the Prentice Cup playoffs. In the span of 3 days King faced Toronto squads, Northern S.S. (we won), North Toronto (TSSAA Champions and loser to our boys), and St. Mike's, being the most spectacular. King finally prevailed 10 - 7 with J.P. Marchello, Brian Peters, Rob Ascenzi and Ian Anderson playing key roles.

The cup semi-final loss to Brampton could not dampen the memories of a terrific season. All 19 players are to be congratulated and with most of them returning for 2000, the prospects look good.

Girls' Slo-Pitch

angels in the outfield

The 1999 Girls' Slo-Pitch had a fantastic season. After making it all the way to the York Region finals, the girls were faced with a lousy day of weather. In between gusts of wind and hail, the girls still managed to bring home the SILVER MEDAL! Let's not forget to thank Rob Ascenzi, Rob Hanlon and J.P. Marchello for their coaching expertise. This team certainly knows how to hit hard and play hard too!

Senior Boy's Hockey

...speed

1999-2000 season: Ian Anderson, Curtis Bentley, Brandon Veenstra, Ajay Dhamrait, Robbie Sowerby, Dan Sauve, Ryan Jeff Norman, Russell Rumble, Tom Cober, Sean Morgan, Shane Gore, Andrew Ascenzi, Lenny Goldman, Chris Podrecca, Steve Carruthers, Rob Ascenzi, Chris Harvey, Darryl Het, Mr. Bucholtz and Mr. Cober

The senior boys' hockey team completed another excellent season making King City proud. A big team effort was displayed by all, and they captured the York University Tournament title for the second year in a row.

Junior Boys' Hockey

...determination

1999-2000 season: E. Pistarelli, A. Ascenzi, B. Brown, D. Heely, D. Sauve, M. Birks, M. Peca, M. Rea, A. McGiver, A. Hamilton, K. Nap, A. Dhamrin, M. Alonzi, J. Ottaway, A. Ciofitto, M. Rimmer, S. Reed, M. Gram, K. Gwidlen, C. Costov, R. Bunston, S. Bagg, B. Smith, Bavier, Reed

The junior boy's hockey team showed their amazing talent during this year's spectacular season. The amazing team effort and dedication, helped them to complete the last three games of the season undefeated.

Girl's Hockey

...dedication

1999-2000 season: L. Gagnon, C. Lovatt, M. Duncan, K. Cork, S. Wright, J. Desole, D. Clayton, Charlene, M. McCutchen, L. Hardill, coaches: S. Duncan, Mrs. Ramer, J. Schank

The girls' hockey team had an amazing and exceptionally fun season! These dedicated King City players show lots of potential and are well on their way to showing off their King City talent. The season was completed with an excellent effort displayed by all at the tournament in Newmarket. Great season girls!!

Ultimate Frisbee

... The game isn't over till it's over.

Back Row: Kelly Ballance, Mr. Cavaliere, Gordon Saine, Guy Lanthieri, Steve Carothers, Kerry Palmer, Adele Keenan

Middle Row: Sophia Dayhock, Kara Mosgel-Beyer, Wrenna Pfeiffer, Mark Bonenato, Cam Norman

Front Row: Mike Dilaria, Alex Bouchucker, Krikey Cork, Maria Capin, Adam Nicholas, Rob Hinton, Robbie Sowmy, Jeff Norman

Coaches: Mr. Cavaliere and Mr. Michele

Low throw: Gordon Saine (doesn't let this one hit the ground).

Get ready!: Kelly Ballance is ready to catch whatever is coming towards her. Even Adele watches in awe in the background.

Over and under: Steve Carothers displays an impressive catch. You can't get one by him!

Although this season of ultimate frisbee has only just begun, it promises to be a good one! This year's new team and mostly new players, hope to follow in the previous team's footsteps. Ultimate frisbee is a relatively new sport to highschools and with no referees, it is a game based solely on team spirit. It is a fast paced game, that requires both skill and dedication. Ms. Michele and Mr. Cavaliere are great coaches that will be able to take the team through the season.

Badminton

Watch the birdie!

This year's badminton teams (both junior and senior) showed great team spirit and determination. Thanks to the great coaching skills of Mrs. Chevalavich, and many practices during lunch and after school, this year and next year looks like it will be very promising.

Girls' Rugby

Winners never quit, and quitters never win.

Although this was the first year K.C.S.S has had a competitive rugby team, coach Mr. Downer, got the girls off to a great start. Before long the girls were binding, mauling, ripping, and attacking. "I'm impressed with how quickly the girls have picked up the sport", claims Mr. Downer. The players also share his enthusiasm for the sport. "It's amazing to see how tough the girls get... I love playing in the mud" says Jen Belanger.

"Because nobody's homeless in Pleasantville..."

"I think I know why you're doing this. I mean, I think I understand why you're doing this. I used to feel the same way. I used to want this place to stay just the way it was. I never wanted it to change...but nothing stays the same. You get things, and you lose things, and that's the good part and the bad part—but you can't have a good part without the bad part. See...I know you want it to stay "pleasant", but there are so many things that are so much better: like silly...or sexy...or dangerous...or wild...or brief. And every one of those things is in you all the time if you just have the guts to look for them. Look at those faces back there. They're no different than you are. They just happened to see something inside themselves that you don't want to... You can't stop what's inside of you..."

"AS GOOD AS IT GETS..."

KING CITY

THIS MAKES IT A COMFORTABLE, SAFE, AND PLEASANT PLACE TO LIVE AND VISIT. NO MATTER WHERE YOU'RE FROM OR HOW YOU LIVE, KING CITY WILL ALWAYS BE FOUND IN YOUR MEMORIES.

NOBLETON ISN'T THE BIGGEST TOWN NOR THE FLASHIEST, BUT WHEN IT COMES TO FUN, WE'RE NUMBER ONE. ACCORDING TO THE NOBLETONIANS, TOWER BURGERS IS LIKE A MCDONALD'S, BUT PEOPLE SEEM TO DISAGREE; NO MATTER WE JUST SETTLE ALL ARGUMENTS ON THE ICE OF THE NOBLETON ARENA. TIM HORTON'S IS USUALLY THE PLACE TO BE AT NIGHT WHEN YOU STILL HAVE A FEW HOURS TO SPARE

BEFORE IT'S BED TIME. PICK-A-FLICK MAY NOT BE A BLOCKBUSTER OR A JUMBO VIDEO, BUT THEY WILL LET YOU RENT A MOVIE EVEN THOUGH YOU HAVE A THIRTY DOLLAR LATE CHARGE. SO LIKE WE SAID, NOBLETON IS GOOD IF YOU'RE INTO HOCKEY AND AND BIG BURGERS AT LOW PRICES. SO THE NEXT TIME YOU'RE IN TOWN, BE SURE TO STOP BY THE IGA AND PERUSE THEIR FINE SELECTION OF FOODS.
