# **WITH GREAT RESPONSIBILITY COMES A GREAT YEARBOOK**

All superheroes have their own mission, just as all students have their own mission in life, and theirs is just beginning. It starts with a sense of responsibility sparked by a need to know more, a quest for the future, and always wanting to strive for greatness. King City students have never shied away from responsibility. They have always joined together as one team with one constant goal in mind - being able to look at life as an adventure and problems as challenges. Like every superhero, they have learned to leap tall obstacles in a single bound.

## ROC-KING

Each year teachers and mentors from grades ten, eleven and twelve introduce the fresh batch of grade nines to King City Secondary School through the ROC King adventure. This year the three day quest took place at YMCA Camp Wanakita, Haliburton. The purpose of this event is to introduce the grade nines to our school and help them get to interact with their fellow peers. Grade nines participated in skill building activities such as canoeing, kayaking, archery, low ropes, high ropes, workshop and team initiatives. These experiences aided in students making new friends, learning to work with each other and finding their place in their new school. We would like to thank all the teachers and mentors who put much time and effort into making this event a complete success!

# HALLOWEEN

# 2009

On Friday, October 30th 2009, KCSS students dressed to impress in their creative Halloween costumes. The halls were filled with princesses, vampires, superheroes and more. Student Council organized many events for the students to partake in. The traditional decorating of the pumpkins took place again. At lunch, students strutted their costumes down the runway of the Halloween fashion show. For the first year ever, a Fear Factor event was organized. Each team had to perform a series of disgusting tasks including eating Twinkies stuffed with pickle juice, searching for Tic Tacs in gravy, and drinking milkshakes with a combination of gross substances. Overall it was a spooktacular day!

Each new year at King City brings together new people sharing in common, unique personalities reflected most commonly through personal style and fashion. Trends never stay the same and the 2009/2010 season was no exception. Hopefully the infamous Hollister bird will fly away giving way to the most popular trend this year- the boho classy grunge. For girls, the moccasin and Doc Martin biker boot are the season's hottest footwear. And relaxed fitting jeans, bandage shirts, and big chunky jewellery are very trendy. For the boys, baggy is on its way out and thank-you sharp casual is in. Distressed jeans are still in style, but are complimented by band tees and jackets. But best of all, the 3 size too big skater shoe has finally got the boot and the shoe that (gasp!) actually fits is making its way into mainstream

Civilizations throughout time have been riddled with piercing and tattooing traditions. It wasn't until the 1970's that both practices gained global popularity. For whatever the reason, King's students love getting pierced and tattooed nearly as much as showing them off.

## BRIGHT LIGHTS, BIG CITIES

The student body of KCSS ripped up the dance floor on December 3rd, 2009 at our annual Semi Formal dinner and dance! Held at the glamorous Le Jardin banquet hall, the theme of *Bright Lights, Big Cities* was made clear, capturing inspiration from major cities around the world such as New York, Toronto, Hollywood, and Tokyo. Well dressed students sat down to enjoy an appetizing three course meal, but headed straight for the dance floor when the DJ started spinning! It was a remarkable evening where the teachers and students let their hair down and got groovy on the floor!

Grade 10's come to understand just what it takes to balance social and academic lives.

# GRADE 10

The Grade 10's are now use to the daily grind of school and homework. They don't mind the routine however, because they know that they get to hang out with their friends when they walk in the door. Being in grade 10 is the perfect place to be - because you're past the worries of grade 9 and not yet worried about grade 12. This is the year when you start to get more involved in sports and clubs and you really get a sense of who you are as an individual.

# CLASS OF

# 2010

Looking back to our first days of grade nine, we have grown together both academically and individually. Over our four years we have built new friendships and memories to last a lifetime. We have overcome many obstacles in order to succeed throughout our time here, but they have only made us stronger. Participating in various activities, clubs, and school events, we have made our mark within these green and yellow hallways. Our experiences here have prepared us to accomplish bigger and better things and take on the real world. We can look back on our time here as a moment of change and personal growth. Although we came here as cubs, we can now graduate as lions. Congratulations 2010 graduates, and all the best to you in your future endeavours!

The girls' field hockey team dominated in their pre-season tournament, with a total of 6 goals scored, with no goals scored against them. Victoria Sparrow-Downes, Alysha Dupuis, Alexis King, and Karen Edmunds were the goal scorers throughout the tournament. The girls carried their reputation as the team with no "scored-against" goals into the in-season games, up to the very last game against Aurora. Jennifer Tang, and Victoria Sparrow-Downes scored the in-season goals, with assists by Victoria Sparrow-Downes, and Alysha Dupuis. In the crossover, the game ended with a score of 0-0, but King won in the penalty strokes. The team made it all the way to the quarterfinals, where they finally met their match with Keswick. The girls played hard, but Keswick took the win with a final score of 1-0. Congrats on an amazing season!

This year, the curling team had a lot of returning players, but it was nice to see some new faces added to the mix. Each player worked hard toward improving their game and beating their personal bests. It was especially interesting to watch Glenn MacDonald "hurry hard". Thanks to all of the graduating players and returning players for a fun season!

The 2009/2010 season brought less snow than expected, but this didn't hinder KSSS. Coming out strong for the first race of the season, we took first place in both boys and girls snowboarding at the Huron Heights Invitational, hosted by Mount St. Louis, with Lauren Park placing second in girls individual. From there, we once again took home medals at the Markville Invitational hosted by Beaver Valley with the girls taking Gold and the Boys hanging on for a Silver. The rest of the season was filled with solid performances all around from both skiers and boarders, with fun had by all. A big thanks to coaches Mr. Masterson and Mrs. Bolitho for a solid season!

# STUDENT COUNCIL

Student Council is the brains behind the school's major events such as our school dances, spirit days and concerts. Student Council works behind the scenes to organize the events that make this school fun for all! This year Student Council was responsible for the planning and executing of the rocking performances at Rock and Roar, Semi Formal, your favourite spirit days (such as Pajama Day and Green and Gold Day) and the new addition of Salad Week! Lead by President Alyson Douglas and Vice President Samantha Crimi, the council meets every Monday to come up with new ideas and reflect on previous events. They do a lot for our school and without them, we wouldn't be able to enjoy the special occasions that make our school a better place to be!

VP Samantha Crimi offers her opinions while planning events in the council room

The anti-smoking campaign was organized to bring awareness to the dangers smoking causes. Representatives from the Ministry of Health attended King City Secondary School providing a demonstration of the effects smoke has on an individual's lungs. M.A.D.D. Canada organized a presentation for R.C.S.S. "Wasted" promoting awareness for the dangers of drinking and driving. The ESP team sold suckers promoting "Don't be a sucker. Don't drink and drive." The York Regional Police brought in goggles to simulate what it is like to drive while impaired.

Day was on November 26, where over 40% of the student body and staff wore pink to show support for anti-bullying. During February 16, 17 and 18, dodge ball games were held in support of Haiti relief. A round robin tournament was organized for all interested students that culminated in a final game against our Liason Officers staff. Observers were asked to donate their pocket change. A grand total of \$264.00 was raised!

## Greener than the Hulk himself...

The KCSS Green Team worked hard this year to raise awareness about critical environmental issues and reduce our School's impact on the environment. The Green Team was involved in becoming a certified Eco-School, and completed a number of required tasks. Members performed a garbage and recycling audit, in which all wastes and recycling were gathered, weighed and assessed. Then, they had to create an action plan to cut down on waste. As part of the initiative to dissuade KCSS students from using plastic waterbottles, the green team constructed an art work in the front foyer and sold reusable, green and gold waterbottles! This year, the Green Team celebrated Earth Week with tree planting, trivia and a presentation to kick off the week. So continue busting out of those wasteful ways KCSS and...

On April 16th and 17th, students from King City gathered to help raise awareness and money for World Vision's 30 Hour Famine. Students stopped eating for 30 hours, so that they could spend time in the shoes of the people they were helping. Students spent the weeks before the event collecting donations from people in their community to help fight hunger, poverty and injustice around the world. Money that the students raised will be going towards World Vision programs that combat poverty and help children and families in need. In addition to that, this year's funds will also be going to help the people in Haiti who lost many things due to the recent earthquake. Year King City raised over \$12,000.00! We do have the power to make a difference.

KING CITY KIDS LOVE TO FILL UP THEIR NOTEBOOKS WITH POEMS AND DOODLES. THEY'RE COVERING EVERY TEST AND EVERY WORKSHEET WITH DOODLES AND OODLES OF DRAWINGS AND LETTERS, SIMILIES AND METAPHORS. THEY'RE FILLING THE PAGES WITH MORE AND MORE AND MORE! Difficulties

Look up through my black-rimmed eyes,  
See the darkest nighttime skies,  
It's not only by fiction  
And call it good.  
Look up through tear-brimming eyes,  
See the one that makes me cry,  
The reason that I want to die,  
And call it good.  
Look up through my sunny eyes,  
Never see the sunny skies,  
Though I look, though I try,  
And call it life.  
Life is hard.

Touch this with my painted hands,  
Lift my fingers through the sands,  
Feel the warmth and oh man,  
I call it good.  
Touch this with my bandaged hands,  
Feel nothing through my lightened hands,  
But I still feel the pain so grand,  
I call it good.  
Touch this with my falling hands,  
Never know their useless grand,  
Never feel their warmth at all,  
I call it life.  
I call it hard.

Lemonade Stand

I sit behind a lemonade stand,  
My son beside me too,  
He's making money to buy a bike,  
It's red with a bit of blue.

My boy is very excited,  
And the neighbours buy a cup,  
I can't help but be reminded,  
Of when I was growing up.

My dad and I sat there,  
Seven Sundays in a row,  
Just so I could buy,  
A replicated hunter's bow.

Mom didn't want me getting it,  
But Dad said it would be good,  
'Bout time he learns things like a man,  
Now that he's growing out of boyhood."

So after seven Sundays,  
I earned enough money to get my bow,  
I played with it two times I think,  
And didn't want it anymore.

I guess it just goes to show,  
What kids can be like,  
So now I'm sitting, wonderin',  
What's going to happen to the bike?
