Principal's Message

I would like to start off by congratulating the Yearbook editorial staff, the staff advisor Ms. Clara and all of the students who contributed to producing such an outstanding book this year. It is a treasured reminder of your experiences in high school, and this years edition is a shining example of what a group of students can accomplish in capturing the essence of what high school life is truly like. The pictures, quotations and stories contained within along with the autographs you collect, will serve as a valued reminder of the joyous years spent within this building. It is my hope that you take some time to leaf through the pages of this yearbook and enjoy the opportunity to reflect upon your time at King, whether you are just completing your first year here or are graduating and heading off to new experiences beyond these walls.

King City Secondary School is genuinely a special place. At its core it is not simply just a school, but a community unto itself, where perseverance, dedication and the pursuit of excellence are the goals to which all individuals aspire. There is a sense of caring, compassion and acceptance that permeate throughout all aspects of our school which helps to define King as a place where all individuals are accepted and celebrated as valued members.

To those of you who are returning to King, I look forward to seeing all of you once again next year and I hope that you have a wonderful experience during the summer months. For those of you who are graduating, it is my hope that the lessons you have learned at King will help to prepare you for an ever-changing world with confidence and determination. I encourage you to continually look for the opportunities that lie before you and take advantage of them to the best of your ability.

To all students, I wish each of you all the best in your future endeavours and I am confident that you will not only attain your goals but excel beyond them in your pursuit of happiness and well being.

YRAA Football Champions

On November 15th we walked away champions! We walked away champions because of our hard work, passion and dedication. A football team is like a family; we fought together, we ran together, we lost together and we WON together. The brotherhood of this team is something that we will never forget. We had a great season and we hope to continue this in the years to come. This has been the best football team I have ever been apart of and I, along with the rest of the team, will cherish the day of our championship game for the rest of our lives. We couldn't do it without our coaches, sponsors, cheerleaders and our fans, thank you for all the support! The heart of a lion lives within us.

I personally consider it an honour to have been a part of King City Football. I couldn't have asked for a better group of teammates to go through this season with. We put in countless hours of practice, and some game time we left absolutely everything on the field. A lot of respect has to go to our coaches who gave up a lot of their time breaking down film, and working with us at practice; making us better every single day. And lets not forget the endless support from students, teachers, cheerleaders, and the community. All of this is exactly what makes King City Football so special, and an experience we will never forget.

PRESIDENTS MESSAGE

King City Graduates,

The years of hard work and dedication to our academic success have paid off and now graduation is upon us! an exciting and extremely proud moment for all of us. As we move on from King City Secondary we will take with us all the amazing memories of the past four years, and keep them close as we embark on the next chapter of our lives. As you stand at the threshold of an unknown future, forget all of your doubts and face your fears with courage. There will be many mistakes along the way but learn and grow from them, challenge yourself and become the best that you can be. From the astute words of Steve Jobs, "Your time is limited, so don't waste it living someone else's life. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition." Though graduation may be bittersweet, know that the best years are yet to come. Venture forward with strength and King City pride, and never forget where you came from.

Congratulations and good luck in the future!

Ripley Antenasce,
Student Council President

To Students From Their Friends and Families

To Shane:

"It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly ..."
